**Re: Freedom of Information Act Request**

Dear FOIA Officer:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of Customs and Border Protection (CBP), 6 C.F.R. Part 5 & 19 C.F.R. § 103.2, American Oversight makes the following request for records.

In early January, Trump administration officials—including the president and spokespeople for the White House and the Department of Homeland Security (DHS)—reportedly made misleading statements regarding immigration and terrorism as part of the administration’s effort to secure funding for a border wall.<sup>1</sup> Specifically, former DHS Secretary Nielsen made statements that implied that many more potential terrorists had crossed the U.S. border than were supported by data.<sup>2</sup>

American Oversight seeks records with the potential to shed light on the extent to which administration officials have made inaccurate or misleading statements to the public as a part of the administration’s efforts to secure funding for a border wall. Specifically, American Oversight seeks records with the potential to shed light on former CBP Commissioner, and Acting DHS Secretary, Kevin McAleenan’s communications that may be related to the reported misstatements of former DHS Secretary Nielsen.

## Requested Records

American Oversight requests that CBP produce the following records within twenty business days:

All email communications of sent by CBP Commissioner Kevin McAleenan, or anyone serving in the role of his chief of staff or a similar position, containing any of the following key terms:

- a. "terrorist"
- b. "terrorists"
- c. "watchlist"
- d. "watch-list"
- e. "watch-listed"
- f. "watch list"
- g. "known or suspected"
- h. "special interest alien"
- i. "special interest aliens"
- j. "SIA"
- k. "SIAs"

Please provide all responsive records from January 1, 2019, through January 12, 2019.

Though this request is limited to emails sent by the CBP officials above, American Oversight still requests any email sent by these officials which contains an attachment or earlier message in the email chain containing one of the above key terms. For example, if Mr. McAleenan responded to email containing the term "watchlist," the entire email chain would be responsive to this request.

## Fee Waiver Request

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and your agency's regulations, American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is primarily and fundamentally for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information is "in the public interest because it is likely to contribute significantly to public understanding of operations or activities of the government."<sup>3</sup> The public has a significant interest. Specifically, there has been great public interest in Trump

administration statements and representations regarding the number of known or suspected terrorists apprehended at the southern border in the last year, and other administration statements regarding the purported need for a border wall.<sup>4</sup> The administration's statements—including those of DHS and White House officials—have been widely criticized as inaccurate or misleading.<sup>5</sup> The requested records have the potential to shed light on the information the administration has employed in making these representations and may show whether and to what extent government officials' statements were inaccurate or misleading. Specifically, the records requested here will show the content of the CBP Commissioner's communications about topics related to these statements during the relevant time period. American Oversight is committed to transparency and makes the responses agencies provide to FOIA requests publicly available, and the public's understanding of the government's activities would be enhanced through American Oversight's analysis and publication of these records.

This request is primarily and fundamentally for non-commercial purposes.<sup>6</sup> As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight's financial interest. American Oversight's mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.<sup>7</sup>

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through numerous substantive analyses

Accordingly, American Oversight qualifies for a fee waiver.

- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA.<sup>14</sup> It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; American Oversight has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, by intent or through negligence, failed to meet their obligations.<sup>15</sup>
- Please use all tools available to your agency to conduct a complete and efficient search for potentially responsive records. Agencies are subject to government-wide requirements to manage agency information electronically,<sup>16</sup> and many agencies have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency’s archiving tools may capture that email under Capstone. At the same time, custodian searches are still necessary; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.
- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the

requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.

- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

### **Conclusion**

American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and your agency can decrease the likelihood of costly and time-consuming litigation in the future.
