Re: Freedom of Information Act Request

Dear Ms. Julka:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of your agency, 43 C.F.R. Part 2, American Oversight makes the following request for records.

Spanning administrations, Washington D.C.'s Independence Day celebration has been a nonpartisan event, as federal funds pay for the Fourth's fireworks, musicians, and other festivities.¹ This year, President Trump decided to deliver a speech at the Lincoln Memorial at an event with tanks, stealth bombers, and other expensive military hardware.² To help fund the event, the U.S. Department of the Interior (DOI) shifted \$2.5 million away from projects designed to improve parks, according to the Washington Post.³ The Republican National Committee provided private tickets to Trump's speech at a public monument to major Republican donors.⁴ This gives the appearance of the White House rewarding political donors with exclusive tickets to an event funded by public tax dollars.

American Oversight is requesting records to establish whether and to what extent political interests may have had a role in planning President Trump’s Salute to America event.

Requested Records

American Oversight requests that DOI produce the following records within twenty business days:

1. Representative copies of any ticket, pass, or other admission document provided to ticketed guests attending President Trump’s speech at the Lincoln Memorial July 4th, 2019.
2. Records sufficient to show every person provided with a ticket to any VIP or limited-access area of the July 4, 2019 “Salute to America” event.

Fee Waiver Request

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and your agency’s regulations, American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is primarily and fundamentally for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information is “in the public interest because it is likely to contribute significantly to public understanding of operations or activities of the government.”⁵ The public has a significant interest in determining why Republican political donors were provided private tickets to a public event hosted by DOI. Moreover, the public has a significant interest in understanding whether and to what extent political interests exerted influence over a purportedly nonpartisan event. These interests are heightened by DOI’s shifting of significant federal funds, \$2.5 million, away from projects dedicated to improving American parks to host this event.⁶ Records with the potential to shed light on these issues would contribute significantly to public understanding of operations of the federal government, including understanding if the RNC or Trump campaign coordinated with the department to set up the event. American Oversight is committed to transparency and makes the responses agencies provide to FOIA requests publicly available, and the public’s understanding of the government’s activities would be enhanced through American Oversight’s analysis and publication of these records.

⁵ 5 U.S.C. § 552(a)(4)(A)(iii).

⁶ See Eilperin, *supra* note 1.

This request is primarily and fundamentally for non-commercial purposes.⁷ As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight's financial interest. American Oversight's mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.⁸

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through numerous substantive analyses posted to its website.⁹ Examples reflecting this commitment to the public disclosure of documents and the creation of editorial content include the posting of records related to an ethics waiver received by a senior Department of Justice attorney and an analysis of what those records demonstrated regarding the Department's process for issuing such waivers;¹⁰ posting records received as part of American Oversight's "Audit the Wall" project to gather and analyze information related to the administration's proposed construction of a barrier along the U.S.-Mexico border, and analyses of what those records reveal;¹¹ posting records regarding potential self-dealing at the Department of Housing & Urban Development and related analysis;¹² posting records and analysis relating to the

Accordingly, American Oversight qualifies for a fee waiver.

Guidance Regarding the Search & Processing of Requested Records

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics. For instance, if the request seeks "communications," please search all locations likely to contain communications, including relevant correspondence files, appropriate locations on hard drives and shared drives, emails, text messages or other direct messaging, voicemail messages.
- In conducting your search, please understand the terms "record," "document," and "information" in their broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages and transcripts, notes, or minutes of any meetings, telephone conversations or discussions.
- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as

personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA.¹⁵ It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; American Oversight has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, by intent or through negligence, failed to meet their obligations.¹⁶

- Please use all tools available to your agency to conduct a complete and efficient search for potentially responsive records. Agencies are subject to government-wide requirements to manage agency information electronically,¹⁷ and many agencies have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency’s archiving tools may capture that email under Capstone. At the same time, custodian searches are still necessary; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.
- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.
