Re: Freedom of Information Act Request

Dear FOIA officers:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of your agency, 28 C.F.R. Part 16, American Oversight makes the following request for records.

Requested Records

American Oversight requests that the Department of Justice (DOJ) produce the following record within twenty business days:

The declaration of John Gore (Principal Deputy Assistant Attorney General and former Acting Assistant Attorney General of the Civil Rights Division) relied on by DOJ in support of its May 28, 2019, Motion for Reconsideration in *Brennan Center for Justice et al. v. U.S. Department of Justice et al.*, Case No. 17 Civ. 6335 (AKH) (S.D.N.Y.), ECF No. 105 at 8 (the memorandum in support of the motion refers to this document as “Declaration of John Gore”). A copy of that memorandum is attached as Exhibit A for ease of reference.

American Oversight believes this request should be assigned to the Simple processing track and should result in a prompt release of the requested record for the following reasons: First, the requested record was recently created and is readily identifiable. Both John Gore of the Civil Rights Division and Casey K. Lee of the U.S. Attorney’s Office for the Southern District of New York (the attorney who signed the brief relying on the declaration) should be able to locate this record with ease. Second, DOJ sought leave of court to file the requested

declaration on a public docket—though the Court refused to grant leave to file—and relied on and quoted from the declaration in its brief. *See* Mot. for Reconsideration at 8, *Brennan Center for Justice et al. v. U.S. Dep’t of Justice et al.*, Case No. 17 Civ. 6335 (AKH) (S.D.N.Y.), ECF No. 105; Mot. for Leave to File Document, ECF No. 102. Consequently, the requested document cannot plausibly be exempt from disclosure or require intensive review before release.

Please provide all responsive records from January 1, 2019, through the date of the search.

Fee Waiver Request

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and your agency’s regulations, American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is primarily and fundamentally for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information is “in the public interest because it is likely to contribute significantly to public understanding of operations or activities of the government.”¹ The public has a significant interest in understanding whether and to what extent a high-ranking official responsible for civil rights enforcement and protections across the country used private email accounts to shield communications about government activities, including communications regarding voting rights, from public disclosure. Records with the potential to shed light on this matter would contribute significantly to public understanding of operations of the federal government, including the representations that a high-ranking official has made under penalty of perjury in support of a motion that sought to prevent a search for agency records within his personal email accounts.² American Oversight is committed to transparency and makes the responses agencies provide to FOIA requests publicly available, and the public’s understanding of the government’s activities would be enhanced through American Oversight’s analysis and publication of these records.

This request is primarily and fundamentally for non-commercial purposes.³ As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight’s financial interest. American Oversight’s mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials.

¹ 5 U.S.C. § 552(a)(4)(A)(iii).

² Additionally, given the limited nature of this request for a single, readily identifiable document, it is likely that no fees would be incurred even in the absence of a fee waiver.

³ *See* 5 U.S.C. § 552(a)(4)(A)(iii).

American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.⁴

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through numerous substantive analyses posted to its website.⁵ Examples reflecting this commitment to the public disclosure of documents and the creation of editorial content include the posting of records related to an ethics waiver received by a senior Department of Justice attorney and an analysis of what those records demonstrated regarding the Department's process for issuing such waivers;⁶ posting records received as part of American Oversight's "Audit the Wall" project to gather and analyze information related to the administration's proposed construction of a barrier along the U.S.-Mexico border, and analyses of what those records reveal;⁷ posting records regarding potential self-dealing at the Department of Housing & Urban Development and related analysis;⁸ posting records and analysis relating to the federal government's efforts to sell nuclear technology to Saudi Arabia;⁹ posting records and analysis regarding the Department of Justice's decision in response to demands from Congress to direct a U.S. Attorney to undertake a wide-ranging review and make recommendations regarding criminal investigations relating to the President's political

opponents and allegations of misconduct by the Department of Justice itself and the Federal Bureau of Investigation.¹⁰

Accordingly, American Oversight qualifies for a fee waiver.

Guidance Regarding the Search & Processing of Requested Records

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA.¹¹ It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; American Oversight has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, by intent or through negligence, failed to meet their obligations.¹²
- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

Conclusion

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient
