Re: Freedom of Information Act Request

Dear Mr. Witt:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of the U.S. Department of the Interior, 43 C.F.R. Part 2, American Oversight makes the following request for records.

Requested Records

American Oversight requests that the Bureau of Land Management (BLM) produce the following records within twenty business days:

1. All calendars or calendar entries for Acting Director William Pendley, including any calendars maintained on his behalf (e.g., by an administrative assistant).

American Oversight requests that the calendars be produced in a format that includes all invitees, any notes, and all attachments. Please do not limit your search to Outlook calendars; we request the production of any calendar—paper or electronic, whether on government-issued or personal devices—used to track or coordinate how these individuals allocate their time on agency business.

Please provide all responsive records from July 15, 2019, through the date the search is conducted.

2. Any email communications (including emails, email attachments, and calendar invitations) sent by Acting Director William Pendley to any email address ending in .com, .org, .edu, .net, or .mail.

In an effort to accommodate BLM and reduce the number of responsive records to be processed and produced, American Oversight has limited its request to emails sent by Mr. Pendley. To be clear, however, American Oversight still requests that

complete email chains be produced, displaying both the sent messages and the prior received messages in each email chain. This means, for example, that both Mr. Pendley's response to an email from a responsive email address and the initial received message are responsive to this request and should be produced.

This request includes all prior messages (whether incoming or outgoing) reflected in the responsive correspondence and any attachments thereto.

Please provide all responsive records from July 15, 2019, through the date the search is conducted.

3. To the extent not responsive to part 2, all email communications (including emails, email attachments, and calendar invitations) that include (a) William Pendley, Acting Director; Casey Hammond, former Acting Director; Brian Steed, former Acting Director; Mike Nedd, former Acting Director; and anyone else serving in the capacity of Deputy Director for Policy and Programs, exercising authority of the director, and (b) any person at the White House Office (including anyone with an email address ending in @who.eop.gov) or any person using an email address ending in .com, .org, .edu, .net, or .mail regarding any planned, intended, or potential transfer of BLM-managed federal land to state ownership or custody.

Please provide all responsive records from January 20, 2017, through the date the search is conducted.

4. Any conflicts or ethics waivers or authorizations, including authorizations pursuant to 5 C.F.R. § 2635.502, for Acting Director William Pendley.
5. Records reflecting any recusal determination made or issued for Acting Director William Pendley.

For parts 4 and 5, please provide all responsive records from July 15, 2019, through the date the search is conducted.

Fee Waiver Request

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and 43 CFR § 2.45(a), American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is primarily and fundamentally for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information is "in the public interest because it is likely to contribute significantly to

public understanding of operations or activities of the government.”¹ As a member of the Reagan administration, William Pendley, now Acting Director of BLM, urged the federal government to sell off federal public lands, including a proposal in his notes to “Sell all BLM lands E. of Miss.”² Acting Director Pendley continued to work against public lands throughout his career, including intervening in a lawsuit in 2017 to defend the Trump administration’s shrinkage of Bears Ears and Grand Staircase-Escalante National Monuments.³ The public has a significant interest in understanding the activities and any potential conflicts of interest of a lifelong opponent of federal public lands who has now been placed in charge of federal public lands. American Oversight is committed to transparency and makes the responses agencies provide to FOIA requests publicly available, and the public’s understanding of the government’s activities would be enhanced through American Oversight’s analysis and publication of these records.

This request is primarily and fundamentally for non-commercial purposes.⁴ As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight’s financial interest. American Oversight’s mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.⁵

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through numerous substantive analyses posted to its website.⁶ Examples reflecting this commitment to the public disclosure of documents and the creation of editorial content include the posting of records related to an ethics waiver received by a senior Department of Justice attorney and an analysis of what those records demonstrated regarding the Department’s process for issuing such

waivers;⁷ posting records received as part of American Oversight’s “Audit the Wall” project to gather and analyze information related to the administration’s proposed construction of a barrier along the U.S.-Mexico border, and analyses of what those records reveal;⁸ posting records regarding potential self-dealing at the Department of Housing & Urban Development and related analysis;⁹ posting records and analysis relating to the federal government’s efforts to sell nuclear technology to Saudi Arabia;¹⁰ posting records and analysis regarding the Department of Justice’s decision in response to demands from Congress to direct a U.S. Attorney to undertake a wide-ranging review and make recommendations regarding criminal investigations relating to the President’s political opponents and allegations of misconduct by the Department of Justice itself and the Federal Bureau of Investigation.¹¹

Accordingly, American Oversight qualifies for a fee waiver.

Guidance Regarding the Search & Processing of Requested Records

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics.
- In conducting your search, please understand the terms “record,” “document,” and “information” in their broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind,

including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages and transcripts, notes, or minutes of any meetings, telephone conversations or discussions.

- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA.¹² It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; American Oversight has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, by intent or through negligence, failed to meet their obligations.¹³
- Please use all tools available to your agency to conduct a complete and efficient search for potentially responsive records. Agencies are subject to government-wide requirements to manage agency information electronically,¹⁴ and many agencies have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency's archiving tools may capture that email under Capstone. At the same time, custodian searches are still necessary; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.
- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.

- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

Conclusion

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to American Oversight, please do not hesitate to contact American Oversight to discuss this request. American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and your agency can decrease the likelihood of costly and time-consuming litigation in the future.
