**Re: Freedom of Information Act Request**

Dear Ms. Scofield:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of the United States Department of Agriculture (USDA), 7 C.F.R. Part 1, American Oversight makes the following request for records.

Alaska's Tongass National Forest is the nation's largest national forest and the world's largest intact temperate rainforest.<sup>1</sup> Since 2001, the Roadless Area Conservation Rule ("Roadless Rule") has protected most of Tongass from development.<sup>2</sup> In June 2018, the United States Forest Service (USFS) announced that it had begun a rulemaking process to potentially modify the Roadless Rule, creating an Alaska-specific Roadless Rule.<sup>3</sup> On August 27, 2019, the *Washington Post* reported that "President Trump has instructed Agriculture Secretary Sonny Perdue to exempt Alaska's 16.7-million-acre Tongass National Forest from logging restrictions . . . after privately discussing the matter with [Alaska's] governor aboard Air Force One."<sup>4</sup> On October 15, 2019, USDA announced that its

“preferred” option for the Alaska Roadless Rule would be to entirely exempt Tongass from the Roadless Rule, including opening 185,000 acres of land to future logging.<sup>5</sup>

American Oversight submits this request to shed light on whether and to what extent outside entities exerted influence over USDA Forest Service policies governing Tongass, including the on-going Alaska Roadless Rule rulemaking-process.

### **Requested Records**

American Oversight requests that USFS produce the following records within twenty business days:

Any email communications (including emails, email attachments, and calendar invitations) and/or handwritten communications between specified officials listed below and any person in the executive office of the President (including anyone with an email address ending in @who.eop.gov or @omb.eop.gov) regarding Tongass, from June 2019 through the date of the search.

American Oversight requests that USFS produce the responsive records of the following officials:

- a. Chief Forester of USFS Vicki Christiansen
- b. Associate Chief Forester of USFS Lenise Lago
- c. Chief of Staff to the Chief of USFS Angela Coleman
- d. Director of Legislative Affairs Doug Crandall
- e. Deputy Director of Legislative Affairs Katie Armstrong
- f. Anyone serving in the role of White House Liaison or White House Advisor (including deputies)

### **Fee Waiver Request**

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and USDA’s regulations, American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is primarily and fundamentally for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information is “in the public interest because it is likely to contribute significantly to public understanding of operations or activities of the government.”<sup>6</sup> The public has a significant interest in USFS’ management of Tongass.<sup>7</sup> Records with the potential to shed light on this matter would contribute significantly to public understanding of operations of the federal government, including if and how outside groups have influenced the USFS’ policy making. American Oversight is committed to transparency and makes the responses agencies provide to FOIA requests publicly available, and the public’s understanding of the government’s activities would be enhanced through American Oversight’s analysis and publication of these records.

This request is primarily and fundamentally for non-commercial purposes.<sup>8</sup> As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight’s financial interest. American Oversight’s mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.<sup>9</sup>

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through numerous substantive analyses posted to its website.<sup>10</sup> Examples reflecting this commitment to the public disclosure of documents and the creation of editorial content include the posting of records related to an ethics waiver received by a senior Department of Justice attorney and an analysis of what those records demonstrated regarding the Department’s process for issuing such waivers;<sup>11</sup> posting records received as part of American Oversight’s “Audit the Wall”

Accordingly, American Oversight qualifies for a fee waiver.

### **Guidance Regarding the Search & Processing of Requested Records**

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics.
- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as

personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA.<sup>16</sup> It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; American Oversight has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, by intent or through negligence, failed to meet their obligations.<sup>17</sup>

- Please use all tools available to your agency to conduct a complete and efficient search for potentially responsive records. Agencies are subject to government-wide requirements to manage agency information electronically,<sup>18</sup> and many agencies have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency’s archiving tools may capture that email under Capstone. At the same time, custodian searches are still necessary; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.
- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

## Conclusion

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to American Oversight, please do not hesitate to contact American Oversight to discuss this request. American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and your agency can decrease the likelihood of costly and time-consuming litigation in the future.

Where possible, please provide responsive material in an electronic format by email. Alternatively, please provide responsive material in native format or in PDF format on a USB drive. Please send any responsive material being sent by mail to American Oversight, 1030 15th Street NW, Suite B255, Washington, DC 20005. If it will accelerate release of responsive records to American Oversight, please also provide responsive material on a rolling basis.

We share a common mission to promote transparency in government. American Oversight looks forward to working with your agency on this request. If you do not understand any part of this request, please contact Megan Field at [foia@americanoversight.org](mailto:foia@americanoversight.org) or (202)897-2465. Also, if American Oversight's request for a fee waiver is not granted in full, please contact us immediately upon making such a determination.
