Re: Freedom of Information Act Request

Dear FOIA Officer:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of your agency, 6 C.F.R. Part 5, American Oversight makes the following request for records.

U.S. Immigration and Customs Enforcement (ICE) uses a payment authorization process known as Medical Payment Authorization Request (MedPAR) to approve or deny requests for off-site medical care. On-site facility providers certify that a patient has a “serious medical need”¹ and enter the request into the MedPAR system, and then ICE Health Service Corps (IHSC) staff decide whether to approve or deny the request.² According to a February 2016 GAO report, MedPAR approvals and denials rely on the reviewer’s “professional judgment” and lack “specific written clinical guidance on which to base approval decisions.”³ When the MedPAR system breaks down people can die. On April 6, 2015, Raul Ernesto Morales-Ramos died in part due to “critical lapse(s) in care” caused by inaccurate and untimely MedPAR processing.⁴

American Oversight seeks to shed light on whether ICE has responded to the February 2016 GAO report's recommendations, and to what extent ICE denies treatment payments.

Requested Records

American Oversight requests that ICE produce the following records within twenty business days:

1. Any Medical Payment Authorization Request Form submitted by any ICE staff or contractors that IHSC Field Medical Coordinators, IHSC Regional Clinical Directors, Regional Dentists, or any other entity with approval authority **denied** at Adelanto ICE Processing Center.

Please provide all responsive records from December 1, 2018, to the date the search is conducted.

American Oversight recognizes that these forms contain personally identifiable medical information. We affirmatively request the agency redact, at a minimum, the following fields:

- a. Authorization number
 - b. Approving official
 - c. Detainee name
 - d. Detainee Alias
 - e. A#
2. Records sufficient to identify why any Medical Payment Authorization Request Form responsive to request 1 was denied.
 3. Records sufficient to identify how many MedPAR forms were submitted by any ICE staff or contractor at Adelanto ICE Processing Center from December 1, 2018, to the date the search is conducted.
 4. Records sufficient to identify how many MedPAR forms submitted by any ICE staff or contractor at Adelanto ICE Processing Center were approved by IHSC Field Medical Coordinators, IHSC Regional Clinical Directors, Regional Dentists, or any other entity with approval authority from December 1, 2018, to the date the search is conducted.
 5. Any analysis conducted or commissioned by ICE or DHS concerning off-site medical care procedures across types of procedures and facilities from February 1, 2016, to the date the search is conducted.

6. Any written clinical guidance developed by ICE on which to base MedPAR approval decisions finalized on or after February 1, 2016, to the date the search is conducted.

Fee Waiver Request

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and your agency's regulations, American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is primarily and fundamentally for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information is "in the public interest because it is likely to contribute significantly to public understanding of operations or activities of the government."⁵ The public has a significant interest in what circumstances ICE denies medical care to people it has detained. The GAO has criticized aspects of ICE's MedPAR system before and this request could help reveal to what extent ICE has implemented the requests it concurred with. Records with the potential to shed light on this issue would contribute significantly to public understanding of operations of the federal government, including to what off-site treatments are denied at Adelanto and for what reasons.

American Oversight is committed to transparency and makes the responses agencies provide to FOIA requests publicly available, and the public's understanding of the government's activities would be enhanced through American Oversight's analysis and publication of these records.

This request is primarily and fundamentally for non-commercial purposes.⁶ As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight's financial interest. American Oversight's mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.⁷

⁵ 5 U.S.C. § 552(a)(4)(A)(iii).

⁶ See 5 U.S.C. § 552(a)(4)(A)(iii).

⁷ American Oversight currently has approximately 14,800 page likes on Facebook and 87,100 followers on Twitter. American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through numerous substantive analyses posted to its website.⁸ Examples reflecting this commitment to the public disclosure of documents and the creation of editorial content include the posting of records related to an ethics waiver received by a senior Department of Justice attorney and an analysis of what those records demonstrated regarding the Department's process for issuing such waivers;⁹ posting records received as part of American Oversight's "Audit the Wall" project to gather and analyze information related to the administration's proposed construction of a barrier along the U.S.-Mexico border, and analyses of what those records reveal;¹⁰ posting records regarding potential self-dealing at the Department of Housing & Urban Development and related analysis;¹¹ posting records and analysis relating to the federal government's efforts to sell nuclear technology to Saudi Arabia;¹² and posting records and analysis regarding the Department of Justice's decision in response to demands from Congress to direct a U.S. Attorney to undertake a wide-ranging review and make recommendations regarding criminal investigations relating to the President's political opponents and allegations of misconduct by the Department of Justice itself and the Federal Bureau of Investigation.¹³

Accordingly, American Oversight qualifies for a fee waiver.

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics. For instance, if the request seeks “communications,” please search all locations likely to contain communications, including relevant hard-copy files, correspondence files, appropriate locations on hard drives and shared drives, emails, text messages or other direct messaging systems (such as iMessage, WhatsApp, Signal, or Twitter direct messages), voicemail messages, instant messaging systems such as Lync or ICQ, and shared messages systems such as Slack.

- In conducting your search, please understand the terms “record,” “document,” and “information” in their broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages and transcripts, notes, or minutes of any meetings, telephone conversations or discussions.

- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.

- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA.¹⁴ It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; American Oversight has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, by intent or through negligence, failed to meet their obligations.¹⁵

- Please use all tools available to your agency to conduct a complete and efficient search for potentially responsive records. Agencies are subject to government-wide requirements to manage agency information electronically,¹⁶ and many agencies

have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency's archiving tools may capture that email under Capstone. At the same time, custodian searches are still necessary; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.

- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

Conclusion

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to American Oversight, please do not hesitate to contact American Oversight to discuss this request. American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and your agency can decrease the likelihood of costly and time-consuming litigation in the future.

Where possible, please provide responsive material in an electronic format by email. Alternatively, please provide responsive material in native format or in PDF format on a USB drive. Please send any responsive material being sent by mail to American Oversight, 1030 15th Street NW, Suite B255, Washington, DC 20005. If it will accelerate release of responsive records to American Oversight, please also provide responsive material on a rolling basis.

We share a common mission to promote transparency in government. American Oversight looks forward to working with your agency on this request. If you do not understand any
