Re: Open Records Request

Dear Records Custodian:

Pursuant to the Georgia Open Records Law (O.C.G.A. § 50-18-70 et seq.), American Oversight makes the following request for records.

Requested Records

American Oversight requests that the University of Georgia (UGA) produce the following within three business days, or provide a written description of any responsive records with a timetable for their production within three business days:

1. The contract between the University of Georgia and the National Conference of State Legislatures (NCSL) for a “study on the use and cost of primaries and run-off elections,” dated October 5, 2016 and bearing the contract number S001262.

The contract is referenced on page 358 of the State of Georgia’s Department of Audits and Accounts REPORT OF STATE ORGANIZATION CONTRACTS WITH NONPROFIT ORGANIZATIONS: CONTRACTS REPORTED FOR THE PERIOD JULY 1, 2016 THROUGH JUNE 30, 2017.¹

2. The study that resulted from the above-referenced contract between UGA and NCSL.

Please provide all responsive records from October 1, 2016, to the date the search is conducted.

Please notify American Oversight of any anticipated fees or costs in excess of \$100 prior to incurring such costs or fees.

¹ Obtained through email correspondence between American Oversight and Georgia Department of Audits and Accounts, Nov. 13, 2019.

American Oversight insists that the University of Georgia use the most up-to-date technologies to search for responsive information and take steps to ensure that the most complete repositories of information are searched. American Oversight is available to work with you to craft appropriate search terms. **However, custodian searches are still required; your office may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.**

In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If it is your position that a document contains non-exempt segments, but that those non-exempt segments are so dispersed throughout the document as to make segregation impossible, please state what portion of the document is non-exempt, and how the material is dispersed throughout the document. If a request is denied in whole, please state specifically that it is not reasonable to segregate portions of the record for release.

Please take appropriate steps to ensure that records responsive to this request are not deleted by your office before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

To ensure that this request is properly construed, that searches are conducted in an adequate but efficient manner, and that extraneous costs are not incurred, American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and the University of Georgia can decrease the likelihood of costly and time-consuming litigation in the future.

Where possible, please provide responsive material in electronic format by email or in PDF or TIF format on a USB drive. Please send any responsive material being sent by mail to American Oversight, 1030 15th Street NW, Suite B255, Washington, DC 20005. If it will accelerate release of responsive records to American Oversight, please also provide responsive material on a rolling basis.

Conclusion

American Oversight is a 501(c)(3) nonprofit with the mission to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.²
