Re: Open Records Request

Dear Records Custodian:

Pursuant to the Georgia Open Records Law (O.C.G.A. § 50-18-70 et seq.), American Oversight makes the following request for records.

Requested Records

American Oversight requests that the Office of the Secretary of State produce the following within three business days, or provide a written description of any responsive records with a timetable for their production within three business days:

1. The registration numbers and registration dates, as maintained on the Secretary of State's voter registration list, of each voter that submitted their voter registration application between February 19, 2019 and April 16, 2019.
2. The registration numbers and registration dates, as maintained on the Secretary of State's voter registration list, of each voter that submitted their voter registration application between May 20, 2019 and July 16, 2019.
3. The registration numbers and registration dates, as maintained on the Secretary of State's voter registration list, of each voter that submitted their voter registration application between August 19, 2019 and October 15, 2019.
4. The registration numbers and registration dates, as maintained on the Secretary of State's voter registration list, of each voter that submitted their voter registration application between October 7, 2019 and December 3, 2019.

American Oversight is seeking to calculate the number of voters who successfully submitted voter registration applications between the four 2019 voter registration deadlines and the related election/runoff dates. Accordingly, please exclude any information on voters who submitted their voter registration applications prior to the voter registration deadlines. However, to the extent that this information is aggregated and maintained in a database or

spreadsheet,¹ we would accept as responsive a printout from the database containing fields reflecting each voter's (1) registration number and (2) registration date.² American Oversight does not object to the redaction of names, addresses, or other personally identifying information from records responsive to this request. Additionally, American Oversight requests that the responsive records be labeled according to which request component (1-4) they are responsive.

Please notify American Oversight of any anticipated fees or costs in excess of \$100 prior to incurring such costs or fees.

American Oversight seeks all responsive records regardless of format, medium, or physical characteristics. In conducting your search, please understand the term "record" in its broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages and transcripts, notes, or minutes of any meetings, telephone conversations or discussions. Our request includes any attachments to these records. **No category of material should be omitted from search, collection, and production.**

In addition, American Oversight insists that the Office of the Secretary of State use the most up-to-date technologies to search for responsive information and take steps to ensure that the most complete repositories of information are searched. American Oversight is available to work with you to craft appropriate search terms. **However, custodian searches are still required; your office may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.**

In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If it is your position that a document contains non-exempt segments, but that those non-exempt segments are so dispersed throughout the document as to make segregation impossible, please state what portion of the document is non-exempt, and how the material is dispersed throughout the document. If a request is denied in whole, please state specifically that it is not reasonable to segregate portions of the record for release.

Please take appropriate steps to ensure that records responsive to this request are not deleted by your office before the completion of processing for this request. If records potentially responsive to

¹ American Oversight requests responsive data in a Microsoft Excel spreadsheet format, to the extent that your agency maintains such data in a database or other format that can be readily exported into such format.

² American Oversight recognizes that your agency may use different terminology than the categories listed. American Oversight requests that you provide the requested information most closely related to each category, to the extent available. American Oversight welcomes the opportunity to discuss with you the types of data tracked and maintained by your agency that may be responsive to this request.

this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

To ensure that this request is properly construed, that searches are conducted in an adequate but efficient manner, and that extraneous costs are not incurred, American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and the Office of the Secretary of State can decrease the likelihood of costly and time-consuming litigation in the future.

Where possible, please provide responsive material in electronic format by email or in PDF or TIF format on a USB drive. Please send any responsive material being sent by mail to American Oversight, 1030 15th Street NW, Suite B255, Washington, DC 20005. If it will accelerate release of responsive records to American Oversight, please also provide responsive material on a rolling basis.
