Re: Freedom of Information Act Request

Dear FOIA Officer:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of your agency, American Oversight makes the following request for records.

President Trump initially reported that Iran's missile strikes on bases housing U.S. troops in Iraq had not harmed any Americans.¹ Since that initial statement, however, the Department of Defense (DOD) has released a series of statements indicating that increasing numbers of U.S. troops suffered traumatic brain injuries in the missile strikes.² President Trump then dismissed these injuries as mere "headaches."³

Requested Records

American Oversight requests that the Department of Defense (DOD) produce the following records within twenty business days:

¹ Colin Dwyer, *Pentagon Increases U.S. Injury Toll from Iranian Attack Yet Again – To 64*, NPR (Jan. 31, 2020, 11:51 AM), <https://www.npr.org/2020/01/31/801535693/pentagon-increases-u-s-injury-toll-from-iranian-attack-yet-again-to-64>.

² Dwyer, *supra* note 1.

³ Helene Cooper & Eric Schmitt, *Trump Dismisses Troops' Possible Brain Injuries as 'Headaches'*, N.Y. TIMES, Jan. 29, 2020, <https://www.nytimes.com/2020/01/22/world/middleeast/trump-iraq-brain-injuries.html>.

All final talking points or background materials prepared for interagency meetings or press engagements⁴ regarding injuries sustained by servicemembers or personnel in the January 7-8, 2020 missile strikes on military bases housing U.S. troops in Iraq.

At a minimum, responsive records should include the talking points and materials prepared for the following individuals:

- i. Defense Secretary Mark Esper
- ii. Chief of Staff Jen Stewart and former Chief of Staff Eric Chewning
- iii. Deputy Secretary David Norquist
- iv. Chairman of the Joint Chiefs of Staff Mark Milley
- v. Vice Chairman of the Joint Chiefs of Staff John Hyten
- vi. Assistant to the Secretary for Public Affairs and Pentagon Chief Spokesperson Jonathan Hoffman
- vii. Deputy Assistant Secretary for Media Affairs and Pentagon Spokeswoman Alyssa Farah
- viii. Pentagon Spokesperson Army Lt. Col. Thomas Campbell
- ix. Assistant Secretary of Defense for Legislative Affairs Robert Hood
- x. Anyone serving in the capacity of White House Liaison
- xi. Anyone serving in the capacity as Under Secretary of Defense for Personnel and Readiness
- xii. CENTCOM Commander Kenneth McKenzie
- xiii. CENTCOM Spokesman Navy Capt. Bill Urban

⁴ Secretary Esper, Gen. Milley, Mr. Hoffman, Lt. Col. Campbell, Ms. Farah, and Capt. Urban made relevant public statements that were included in multiple press reports; at a minimum, responsive records should include the talking points and materials prepared for those individuals. Please provide all responsive records from January 7, 2020, to the date the search is conducted.

Fee Waiver Request

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and your agency's regulations, American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is primarily and fundamentally for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information is "in the public interest because it is likely to contribute significantly to public understanding of operations or activities of the government."⁵ The public has a significant interest in understanding whether high-ranking officials have been adequately informed about the serious injuries sustained by U.S. troops following a significant attack by another nation. Records with the potential to shed light on this matter would contribute significantly to public understanding of whether the federal government has taken appropriate action following the injuries sustained by these troops. American Oversight is committed to transparency and makes the responses agencies provide to FOIA requests publicly available, and the public's understanding of the government's activities would be enhanced through American Oversight's analysis and publication of these records.

This request is primarily and fundamentally for non-commercial purposes.⁶ As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight's financial interest. American Oversight's mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.⁷

⁵ 5 U.S.C. § 552(a)(4)(A)(iii).

⁶ See 5 U.S.C. § 552(a)(4)(A)(iii).

⁷ American Oversight currently has approximately 15,000 page likes on Facebook and 92,500 followers on Twitter. American Oversight, FACEBOOK, <https://www.facebook.com/weareoversight/> (last visited Jan. 15, 2020); American Oversight (@weareoversight), TWITTER, <https://twitter.com/weareoversight> (last visited Jan. 15, 2020).

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through numerous substantive analyses posted to its website.⁸ Examples reflecting this commitment to the public disclosure of documents and the creation of editorial content include the posting of records related to an ethics waiver received by a senior Department of Justice attorney and an analysis of what those records demonstrated regarding the Department's process for issuing such waivers;⁹ posting records received as part of American Oversight's "Audit the Wall" project to gather and analyze information related to the administration's proposed construction of a barrier along the U.S.-Mexico border, and analyses of what those records reveal;¹⁰ posting records regarding potential self-dealing at the Department of Housing & Urban Development and related analysis;¹¹ posting records and analysis relating to the federal government's efforts to sell nuclear technology to Saudi Arabia;¹² posting records and analysis regarding the Department of Justice's decision in response to demands from Congress to direct a U.S. Attorney to undertake a wide-ranging review and make recommendations regarding criminal investigations relating to the President's political opponents and allegations of misconduct by the Department of Justice itself and the Federal Bureau of Investigation.¹³

Accordingly, American Oversight qualifies for a fee waiver.

- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please use all tools available to your agency to conduct a complete and efficient search for potentially responsive records. Agencies are subject to government-wide requirements to manage agency information electronically,¹⁴ and many agencies have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency’s archiving tools may capture that email under Capstone. At the same time, custodian searches are still necessary; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.
- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

Conclusion

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to American Oversight, please do not hesitate to contact American Oversight to discuss this request.
