**Re: Freedom of Information Act Request**

Dear FOIA Officer,

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of the Department of State (State), 22 C.F.R. Part 171, American Oversight makes the following request for records.

On February 19, President Trump named Ambassador to Germany Richard “Ric” Grenell as acting director of national intelligence—a position of critical importance for national security and foreign policy decisionmaking.<sup>1</sup> Public reporting indicates that Mr. Grenell has minimal background or experience in this field.

American Oversight seeks records to shed light on Mr. Grenell’s actions and communications during his tenure at State in order to provide the public with information about Mr. Grenell’s priorities and any external influences on his actions.

**Requested Records**

American Oversight requests that State produce the following records within twenty business days:

1. All email communications (including email messages, email attachments, and calendar invitations) sent by Richard “Ric” Grenell to any email address ending in .com, .net, .org, or .edu (including complete email chains).

In an effort to accommodate State and reduce the number of responsive records to be processed and produced, American Oversight has limited its request to emails sent by Mr. Grenell. To be clear, American Oversight still requests that complete email chains be produced, displaying both the responsive sent messages and the prior received messages in each email chain. This means, for example, that both Mr. Grenell's response to an email from a .com domain and the initial received message are responsive to this request.

Please provide all responsive records from April 26, 2018, through the date the search is conducted.

2. All text messages (including messages on messaging applications similar in form to text messages, such as Signal, WhatsApp, Facebook Messenger, Twitter DMs, etc.) sent or received by Mr. Grenell on a government-issued mobile device, or any other mobile device used for official duties, regarding official agency business.<sup>2</sup>

Please understand text messages regarding "official agency business" to broadly include, at a minimum, all communications that would ordinarily comprise federal records per 44 U.S.C. § 3301(a)(1)(A), which defines federal government records as:

all recorded information . . . appropriate for preservation by that agency or its legitimate successor as evidence of the organization, functions, policies, decisions, procedures, operations, or other activities of the United States Government or because of the informational value of data in them[.]

Please provide all responsive records from April 26, 2018, through the date the search is conducted.

<sup>2</sup> Press reporting indicates that Amb. Grenell participates in group chat messages with political allies of the President, including the President's son. See McKay Coppins, *The Billion-Dollar Disinformation Campaign to Reelect the President*, THE ATLANTIC (Feb. 10, 2020, 2:30 PM), <https://www.theatlantic.com/magazine/archive/2020/03/the-2020-disinformation-war/605530/>. Additionally, records recently released as part of the U.S. House of Representatives' impeachment inquiry showed that numerous State Department officials regularly corresponded via text message on the WhatsApp messaging platform regarding official State business, suggesting that senior State officials regularly conduct official agency business on their personal devices. ## Fee Waiver Request

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and your agency's regulations, American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is primarily and fundamentally for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information is "in the public interest because it is likely to contribute significantly to public understanding of operations or activities of the government."<sup>3</sup> The public has a significant interest in what outside or personal interests might influence the new acting director of national intelligence. Mr. Grenell's apparent lack of experience in intelligence and management matters amplify the public concern regarding any reliance on outside influences by Mr. Grenell. Additionally, the public has an interest in knowing whether Mr. Grenell has communicated with external, non-government entities about matters of significant importance to national intelligence and the nation's security. Records with the potential to shed light on these matters would contribute significantly to public understanding of operations of the federal government, including whether Mr. Grenell has been unduly influenced by external entities and whose outside views and interests he has prioritized in his role as the U.S. Ambassador to Berlin. The records American Oversight has requested will achieve these aims by revealing those external entities Mr. Grenell has engaged with in his communications, and by showing which entities he prioritizes in his communications. American Oversight is committed to transparency and makes the responses agencies provide to FOIA requests publicly available, and the public's understanding of the government's activities would be enhanced through American Oversight's analysis and publication of these records.

This request is primarily and fundamentally for non-commercial purposes.<sup>4</sup> As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight's financial interest. American Oversight's mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.<sup>5</sup>

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through numerous substantive analyses posted to its website.<sup>6</sup> Examples reflecting this commitment to the public disclosure of documents and the creation of editorial content include the posting of records related to an ethics waiver received by a senior Department of Justice attorney and an analysis of what those records demonstrated regarding the Department's process for issuing such waivers;<sup>7</sup> posting records received as part of American Oversight's "Audit the Wall" project to gather and analyze information related to the administration's proposed construction of a barrier along the U.S.-Mexico border, and analyses of what those records reveal;<sup>8</sup> posting records regarding potential self-dealing at the Department of Housing & Urban Development and related analysis;<sup>9</sup> posting records and analysis relating to the federal government's efforts to sell nuclear technology to Saudi Arabia;<sup>10</sup> and posting records and analysis regarding the Department of Justice's decision in response to demands from Congress to direct a U.S. Attorney to undertake a wide-ranging review and make recommendations regarding criminal investigations relating to the President's political opponents and allegations of misconduct by the Department of Justice itself and the Federal Bureau of Investigation.<sup>11</sup>

Accordingly, American Oversight qualifies for a fee waiver.

## Guidance Regarding the Search & Processing of Requested Records

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records.
- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA.<sup>12</sup> It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; American Oversight has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, by intent or through negligence, failed to meet their obligations.<sup>13</sup>
- Please use all tools available to your agency to conduct a complete and efficient search for potentially responsive records. Agencies are subject to government-wide requirements to manage agency information electronically,<sup>14</sup> and many agencies have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency's archiving tools may capture that email under Capstone. At the same

time, custodian searches are still necessary; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.

- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

### **Conclusion**

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to American Oversight, please do not hesitate to contact American Oversight to discuss this request. American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and your agency can decrease the likelihood of costly and time-consuming litigation in the future.
