**Re: Freedom of Information Act Request**

Dear Freedom of Information Act Officers:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of the Department of Justice (DOJ), 28 C.F.R. Part 16, American Oversight makes the following request for records.

In response to the coronavirus pandemic, DOJ has lobbied Congress for new “emergency powers.”<sup>1</sup> DOJ has defended its request, asserting that the proposals would “help federal judges more consistently manage cases w/in their districts & protect interests of justice during this national emergency.”<sup>2</sup> Congressional leaders from both parties, as well as civil rights attorneys, have raised concerns about DOJ’s proposals.<sup>3</sup>

Alexandria Ocasio-Cortez tweeted “Absolutely not” — a sentiment Sen. Rand Paul’s (R-KY) chief strategist, Doug Stafford, agreed with.”).

American Oversight submits this request so that the public can better understand DOJ's lobbying efforts.

### **Requested Records**

American Oversight requests that DOJ produce the following within twenty business days:

All records reflecting communications (including emails, email attachments, calendar invitations, calendar entries, meeting notices, meeting agendas, informational material, talking points, summaries of any oral communications, or other materials) between (1) the DOJ officials specified below and (2) any member of Congress or their staff (including, but not limited to, communications with email addresses ending in @mail.house.gov or senate.gov).

- a. Attorney General William Barr
- b. Will Levi, Chief of Staff to the Attorney General
- c. Stephen E. Boyd, Assistant Attorney General, Office of Legislative Affairs
- d. Mary Blanche Hankey, Deputy Assistant Attorney General & Chief of Staff, Office of Legislative Affairs
- e. Prim Escalona, Principal Deputy Assistant Attorney General, Office of Legislative Affairs
- f. Jessie Hart, Office of Legislative Affairs
- g. Ken Kellner, Office of Legislative Affairs
- h. Megan Greer, Office of Legislative Affairs
- i. Kerri Kupec, Director of Communications & Public Affairs
- j. Any DOJ official responsible for conveying DOJ requests to Congress, and specifically the legislative proposals for "addressing issues created by the COVID-19 pandemic"<sup>4</sup>

Please provide all responsive records from March 1, 2020, through March 31, 2020.

### **Fee Waiver Request**

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and your agency's regulations, American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is primarily and fundamentally for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information is “in the public interest because it is likely to contribute significantly to public understanding of operations or activities of the government.”<sup>5</sup> The public has a significant interest in understanding DOJ’s lobbying efforts, which have implications for law enforcement proceedings nationwide.<sup>6</sup> Records with the potential to shed light on this matter would contribute significantly to public understanding of operations of the federal government by elucidating DOJ’s priorities and views on public policy. American Oversight is committed to transparency and makes the responses agencies provide to FOIA requests publicly available, and the public’s understanding of the government’s activities would be enhanced through American Oversight’s analysis and publication of these records.

This request is primarily and fundamentally for non-commercial purposes.<sup>7</sup> As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight’s financial interest. American Oversight’s mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.<sup>8</sup>

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through numerous substantive analyses posted to its website.<sup>9</sup> Examples reflecting this commitment to the public disclosure of documents and the creation of editorial content include the posting of records related to an ethics waiver received by a senior Department of Justice attorney and an analysis of what those records demonstrated regarding the Department’s process for issuing such waivers;<sup>10</sup> posting records received as part of American Oversight’s “Audit the Wall” project to gather and analyze information related to the administration’s proposed construction of a barrier along the U.S.-Mexico border, and analyses of

Accordingly, American Oversight qualifies for a fee waiver.

### **Guidance Regarding the Search & Processing of Requested Records**

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics. For instance, since the request seeks “communications,” please search all locations likely to contain communications, including relevant hard-copy files, correspondence files, appropriate locations on hard drives and shared drives, emails, instant messaging systems such as Lync or ICQ, and shared messages systems such as Slack.
- In conducting your search, please understand the terms “record,” “document,” and “information” in their broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages and transcripts, notes, or minutes of any meetings, telephone conversations or discussions.

- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA.<sup>15</sup> It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; American Oversight has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, by intent or through negligence, failed to meet their obligations.<sup>16</sup>
- Please use all tools available to your agency to conduct a complete and efficient search for potentially responsive records. Agencies are subject to government-wide requirements to manage agency information electronically,<sup>17</sup> and many agencies have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency’s archiving tools may capture that email under Capstone. At the same time, custodian searches are still necessary; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.
- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.

- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

### Conclusion

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to American Oversight, please do not hesitate to contact American Oversight to discuss this request. American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and your agency can decrease the likelihood of costly and time-consuming litigation in the future.
