Dear Public Records Custodian:

Pursuant to Wisconsin's public records law, Wis. Stat. §§ 19.31–19.39, American Oversight makes the following request for copies of records.

Requested Records

American Oversight requests that the Office of the Governor produce the following records “as soon as practicable and without delay”¹:

1. Any assessments, analyses, models, or projections produced by or provided to the Office of the Governor regarding the possible public health outcomes of conducting the April 7, 2020 elections in light of the coronavirus emergency, including but not limited to regarding: possible increases in morbidity or mortality stemming from interpersonal contact between voters and/or poll workers; any municipalities or populations at particular risk of infection; the relative risks of requiring in-person voting compared to alternative methods; or the relative risks of conducting elections on April 7 compared to on a later date.
2. Any assessments, analyses, models, or projections produced by or provided to the Office of the Governor concerning the possible effects of the coronavirus emergency on voter turnout, including but not limited to regarding: any anticipated change in turnout due to public concern about contagion; any change in participation rate resulting from use of absentee ballots, whether due to utilization rates, available supplies, or submission or processing times; or long lines or confusion caused by polling place closures or consolidation.

¹ Wis. Stat. § 19.35(4)(a).

For both requests, please provide all responsive records from March 24, 2020, through April 7, 2020.

American Oversight believes that your office is in the best position to know where responsive documents would be located. At a minimum, a reasonable search would include searching the records—including email and electronic filing systems—of the Governor, the Governor’s Chief of Staff, the Governor’s Policy Director, and any individual advising the Governor on the coronavirus outbreak or the April 7 election.

Fee Waiver Request

In accordance with Wis. Stat. § 19.35(3)(e), American Oversight respectfully requests that the records be produced without charge. Providing American Oversight with a waiver of fees is in the “public interest” because American Oversight will, in accordance with its organizational mission, make the records available to the public without charge. These disclosures will likely contribute to a better understanding of relevant government procedures by the general public.

American Oversight’s work is aimed solely at serving the public interest. As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight’s financial interest. Rather, American Oversight’s mission is to serve the public by promoting transparency in government, educating the public about government activities, and ensuring the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website² and promotes their availability on social media platforms, such as Facebook and Twitter.³ American Oversight has demonstrated its commitment to the public disclosure of documents and creation of editorial content through numerous substantive analyses posted to its website.⁴

The public has a significant interest in understanding how elected officials planned for and thought about the state’s April 7, 2020 election.⁵ Records with the potential to shed light on this matter would contribute significantly to public understanding of operations of the

government. American Oversight is committed to transparency and makes the responses agencies provide to public records requests publicly available, and the public's understanding of the government's activities would be enhanced through American Oversight's analysis and publication of these records.

American Oversight asks that if its request for a fee waiver is denied in whole or in part, that you contact us prior to incurring any costs.

Guidance Regarding the Search & Processing of Requested Records

American Oversight seeks all responsive records regardless of format, medium, or physical characteristics. In conducting your search, please understand the term "record" in its broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages and transcripts, notes, or minutes of any meetings, telephone conversations or discussions. Our request includes any attachments to these records. **No category of material should be omitted from search, collection, and production.**

Please search all locations and systems likely to have responsive records regarding official business. **You may not exclude searches of files or emails in the personal custody of your officials, such as personal email accounts.** Emails conducting government business sent or received on the personal account of the authority's officer or employee constitutes a record for purposes of Wisconsin's public records laws.⁶

In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records.⁷ If it is your position that a document contains non-exempt segments, but that those non-exempt segments are so dispersed throughout the document as to make segregation impossible, please state what portion of the document is non-exempt, and how the material is dispersed throughout the document. If a request is denied in whole, please state specifically that it is not reasonable to segregate portions of the record for release.

Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.
