**Re: Expedited Freedom of Information Act Request**

Dear FOIA officer:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of your agency, American Oversight makes the following request for records.

The outbreak of the novel coronavirus, SARS-CoV-2, and the disease it causes, COVID-19, has been declared a public health emergency at both the national and international levels.<sup>1</sup> Since late 2019, the virus has spread across the globe, sickened millions of people, and resulted in hundreds of thousands of deaths.<sup>2</sup> Populations in detention centers are especially vulnerable, due to their poor access to healthcare, lack of essential supplies, and close quarters.<sup>3</sup> In order to reduce crowding and enable social distancing, the government has started to transfer individuals out of the most heavily crowded and into relatively underutilized facilities. But rather than easing the spread, this tactic may have exacerbated

the pandemic, as it has enabled people to transmit the disease to new locations.<sup>4</sup> Possibly as a result of these transfers, previously unaffected centers have experienced new outbreaks, which may spread to the surrounding communities.<sup>5</sup>

American Oversight seeks records with the potential to shed light on how the agency is handling detained populations under its purview during this public health emergency.

### **Requested Records**

American Oversight seeks expedited review of this request for the reasons identified below and requests that your agency produce the following records as soon as practicable, and at least within twenty business days:

1. Records sufficient to identify:
  - a. The number of individuals transferred amongst Immigration and Customs Enforcement detention centers\* **for any reason** from February 1, 2020, through the date of the search.
  - b. The number of individuals transferred amongst Immigration and Customs Enforcement detention centers\* for reasons **related to the coronavirus pandemic** from February 1, 2020, through the date of the search. To be clear, this encompasses transfers meant to separate individuals who have been exposed to SARS-Cov-19 or diagnosed with COVID-19, as well as broader efforts meant to reduce crowding and enable social distancing.
  - c. With respect to each transfer related to the coronavirus pandemic, as described in 1.b above:
    - i. The date of the transfer;
    - ii. The total number of individuals subject to the transfer;
    - iii. The facility individuals were transferred from;
    - iv. The facility individuals were transferred to; and
    - v. Any intermediate location individuals were held during this transfer.

To the extent your agency maintains this data in aggregated form, such as in a spreadsheet or within a database or other format that can be readily exported

2. All analyses and assessments originating from the Department of Homeland Security or Immigration and Customs Enforcement which were relied upon to determine whether and when to transfer individuals amongst detention centers\* in response to the coronavirus pandemic.

Please provide all responsive records from February 1, 2020, through the date of the search.

### Fee Waiver Request

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and your agency’s regulations, American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is primarily and fundamentally for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information is “in the public interest because it is likely to contribute significantly to public understanding of operations or activities of the government.”<sup>6</sup> The public has a significant interest in the federal government’s response to the coronavirus. Records with the potential to shed light on this matter would contribute significantly to public understanding of operations of the federal government, including the actions taken to stop or reduce the spread of coronavirus within detention centers, including those actions which may have potentially inadvertently exacerbated the problem.<sup>7</sup> American Oversight is committed to transparency and makes the responses agencies provide to FOIA requests publicly available, and the public’s understanding of the government’s activities would be enhanced through American Oversight’s analysis and publication of these records.

This request is primarily and fundamentally for non-commercial purposes.<sup>8</sup> As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight’s financial interest. American

Oversight's mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.<sup>9</sup>

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through numerous substantive analyses posted to its website.<sup>10</sup> Examples reflecting this commitment to the public disclosure of documents and the creation of editorial content include the posting of records related to an ethics waiver received by a senior Department of Justice attorney and an analysis of what those records demonstrated regarding the Department's process for issuing such waivers;<sup>11</sup> posting records received as part of American Oversight's "Audit the Wall" project to gather and analyze information related to the administration's proposed construction of a barrier along the U.S.-Mexico border, and analyses of what those records reveal;<sup>12</sup> posting records regarding potential self-dealing at the Department of Housing & Urban Development and related analysis;<sup>13</sup> posting records and analysis relating to the federal government's efforts to sell nuclear technology to Saudi Arabia;<sup>14</sup> posting records and analysis regarding the Department of Justice's decision in response to demands from Congress to direct a U.S. Attorney to undertake a wide-ranging review and make recommendations regarding criminal investigations relating to the President's political

### **Application for Expedited Processing**

Pursuant to 5 U.S.C. § 552(a)(6)(E)(1), American Oversight requests that your agency expedite the processing of this request.

I certify to be true and correct to the best of my knowledge and belief that the information requested is urgently needed in order to inform the public concerning actual or alleged government activity, and American Oversight is primarily engaged in disseminating the information it received from public records requests to the public.

Recent reporting demonstrates that there is clearly an urgent need to inform the public regarding the matters that are the subject of American Oversight's FOIA request. First, American Oversight has requested records with the potential to shed light on the ability of the government to manage a public health emergency at a national level. As the government has transferred individuals amongst detention centers, it has enabled people to transmit disease from extremely populous to relatively isolated areas.<sup>16</sup> When the disease spreads from facilities to the surrounding communities, it has the potential to inflict a great deal of unnecessary morbidity and mortality.<sup>17</sup> Because the virus has spread rapidly and has already killed at least 75,000 people in the United States,<sup>18</sup> there is plainly an urgent need to inform the public. The exceptionally widespread news reporting on this virus demonstrates that the public urgently needs information concerning the subject matter of this request.<sup>19</sup> Second, factual developments have demonstrated a series of government failures. Within detention centers, the government has failed to appropriately handle the procurement of necessary supplies such as disinfectants, the provision of personal protective equipment, the testing of detention center employees, and the quarantine of exposed individuals.<sup>20</sup> Outside of detention centers, the government has suffered from numerous other mishaps, including failures in the rollout of coronavirus

tests and overly restrictive testing protocols,<sup>21</sup> as well as an effort by government officials to minimize press coverage and reduce public information<sup>22</sup> about the testing of coronavirus cases. Finally, the federal government has recognized that the densely packed nature of facilities such as prisons and detention centers “creates a risk of infection and transmission for inmates and staff,” and thus special attention to prevention and control in these facilities is warranted.<sup>23</sup>

Moreover, I certify to be true and correct to the best of my knowledge and belief that there is an urgent need to inform the public about testing for coronavirus. American Oversight’s request seeks information that can shed light on the actions that the government has taken that will impact the spread of disease— including the extent to which they developed and implemented protocols to prevent outbreaks within prisons and detention centers that could have devastating effects on detained or incarcerated individuals, and also spread to the broader community. The public urgently needs the information to understand the extent of the growing health crisis and make decisions that promote public health and mitigate the spread of the disease.

I further certify that American Oversight is primarily engaged in disseminating information to the public. American Oversight’s mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. Similar to other organizations that have been found to satisfy the criteria necessary to qualify for expedition,<sup>24</sup> American Oversight “gathers information of potential interest to a segment of the public, uses its editorial skills to turn the raw material into a distinct work, and distributes that work to an audience.”<sup>25</sup> American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, and other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.<sup>26</sup> As discussed previously, American

Oversight has demonstrated its commitment to the public disclosure of documents and creation of editorial content.<sup>27</sup>

Accordingly, American Oversight's request satisfies the criteria for expedition.

### **Guidance Regarding the Search & Processing of Requested Records**

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics.
- In conducting your search, please understand the terms “record,” “document,” and “information” in their broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages and transcripts, notes, or minutes of any meetings, telephone conversations or discussions.
- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior

messages sent or received in that email chain, as well as any attachments to the email.

- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA.<sup>28</sup> It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; American Oversight has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, by intent or through negligence, failed to meet their obligations.<sup>29</sup>
- Please use all tools available to your agency to conduct a complete and efficient search for potentially responsive records. Agencies are subject to government-wide requirements to manage agency information electronically,<sup>30</sup> and many agencies have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency's archiving tools may capture that email under Capstone. At the same time, custodian searches are still necessary; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.
- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If

### Conclusion

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to American Oversight, please do not hesitate to contact American Oversight to discuss this request. American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and your agency can decrease the likelihood of costly and time-consuming litigation in the future.

Where possible, please provide responsive material in an electronic format by email. Alternatively, please provide responsive material in native format or in PDF format on a USB drive. Please send any responsive material being sent by mail to American Oversight, 1030 15th Street NW, Suite B255, Washington, DC 20005. If it will accelerate release of responsive records to American Oversight, please also provide responsive material on a rolling basis.

We share a common mission to promote transparency in government. American Oversight looks forward to working with your agency on this request. If you do not understand any part of this request, please contact Christine Monahan at [foia@americanoversight.org](mailto:foia@americanoversight.org) or 202.869.5244. Also, if American Oversight's request for expedition is not granted or its request for a fee waiver is not granted in full, please contact us immediately upon making such a determination.

Sincerely,
