Re: Freedom of Information Act Request

Dear FOIA Officers:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of your agency, American Oversight makes the following request for records.

Public reporting indicates that the White House has escalated efforts to purge disloyal officials from throughout the government and that this effort has been advanced by a network of far-right conservative activists.¹ President Trump's head of presidential personnel, John McEntee, has reportedly gathered White House liaisons in order to coordinate this effort.²

American Oversight seeks records to shed light on whether and to what extent the administration is retaliating against officials based on perceptions of political loyalty.

Requested Records

American Oversight requests that your agency produce the following records within twenty business days:

1. All email communications (email messages, email attachments, complete email chains, calendar invitations, and attachments thereto) sent by (1) anyone serving in the capacity of White House Liaison or White House Advisor

¹ Jonathan Swan, *Exclusive: Trump's "Deep State" Hit List*, AXIOS, Feb. 23, 2020, <https://www.axios.com/trump-memos-deep-state-white-house-ce5be95f-2418-433d-b036-2bf41c9700c3.html>.

(including anyone serving as their Chiefs of Staff or Deputies) to (2) anyone with an email address ending in .com / .net / .org / .edu / .mail / .us.

American Oversight has limited its request to sent messages of the specified agency officials to reduce the volume of potentially responsive records. American Oversight still requests complete email chains. So, for example, if the White House Liaison sent a response to an incoming message from an email address specified above, the email chain containing the initially received message and the response is responsive to this request.

Please provide all responsive records from January 1, 2019, through the date the search is conducted.

2. All records reflecting communications (including emails, email attachments, text messages, messages on messaging platforms (such as Slack, GChat or Google Hangouts, Lync, Skype, or WhatsApp), telephone call logs, calendar invitations, calendar entries, meeting notices, meeting agendas, informational material, talking points, any handwritten or electronic notes taken during any oral communications, summaries of any oral communications, or other materials) of (1) anyone serving in the capacity of White House Liaison or White House Advisor (including anyone serving as their Chiefs of Staff or Deputies) with or about (2) any of the below specified external entities or individuals:
 - i. Virginia "Ginni" Thomas or any person communicating on her behalf, such as Crystal Clayton
 - ii. Barbara Ledeen or any person communicating on her behalf
 - iii. Becky Norton Dunlop or any person communicating on her behalf

Please provide all responsive records from January 1, 2019, through the date the search is conducted.

3. All records reflecting communications (including emails, email attachments, text messages, messages on messaging platforms (such as Slack, GChat or Google Hangouts, Lync, Skype, or WhatsApp), telephone call logs, calendar invitations, calendar entries, meeting notices, meeting agendas, informational material, talking points, any handwritten or electronic notes taken during any oral communications, summaries of any oral communications, or other materials) between (1) any political appointees* in the immediate front Office of the Director or Deputy Directors (including anyone in an acting capacity) as well as anyone serving in the capacity of White House Liaison or White House Advisor (including anyone serving as their Chiefs of Staff or Deputies) and (2) John McEntee, head of the Presidential Personnel Office at the White House, or anyone communicating on his behalf.

Please provide all responsive records from February 1, 2020, through the date the search is conducted.

*“Political appointee” should be understood as any person who is a Presidential Appointee with Senate Confirmation (PAS), a Presidential Appointee (PA), a Non-career SES, any Schedule C employees, or any persons hired under Temporary Non-career SES Appointments, Limited Term SES Appointments, or Temporary Transitional Schedule C Appointments.

4. All records reflecting the content of a meeting between (1) anyone serving in the capacity of White House Liaison or White House Advisor (including anyone serving as their Chiefs of Staff or Deputies) and (2) John McEntee, head of the Presidential Personnel Office at the White House, on or about February 20, 2020,³ including any calendar entries, emails and other written communications about the meeting, agendas, lists of meeting attendees, minutes, summaries, handwritten notes, talking points, transcripts, or materials displayed or exchanged during the meeting.

Please provide all responsive records from February 1, 2020, through the date the search is conducted.

Fee Waiver Request

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and your agency’s regulations, American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is primarily and fundamentally for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information is “in the public interest because it is likely to contribute significantly to public understanding of operations or activities of the government.”⁴ The public has a significant interest understanding whether the White House is directing a purge of government officials based on whether they are perceived to be sufficiently loyal to the personal and narrow political interests of the president. Records with the potential to shed light on this issue would contribute significantly to public understanding of operations of the federal government, including whether the White House is relying on external entities and individuals to retaliate against government officials because they do not pass a loyalty

test. American Oversight is committed to transparency and makes the responses agencies provide to FOIA requests publicly available, and the public's understanding of the government's activities would be enhanced through American Oversight's analysis and publication of these records.

This request is primarily and fundamentally for non-commercial purposes.⁵ As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight's financial interest. American Oversight's mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.⁶

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through numerous substantive analyses posted to its website.⁷ Examples reflecting this commitment to the public disclosure of documents and the creation of editorial content include the posting of records related to an ethics waiver received by a senior Department of Justice attorney and an analysis of what those records demonstrated regarding the Department's process for issuing such waivers;⁸ posting records received as part of American Oversight's "Audit the Wall" project to gather and analyze information related to the administration's proposed construction of a barrier along the U.S.-Mexico border, and analyses of what those records reveal;⁹ posting records regarding potential self-dealing at the Department of Housing & Urban

Guidance Regarding the Search & Processing of Requested Records

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics. For instance, if the request seeks "communications," please search all locations likely to contain communications, including relevant hard-copy files, correspondence files, appropriate locations on hard drives and shared drives, emails, text messages or other direct messaging systems (such as iMessage, WhatsApp, Signal, or Twitter direct messages), voicemail messages, instant messaging systems such as Lync or ICQ, and shared messages systems such as Slack.
- In conducting your search, please understand the terms "record," "document," and "information" in their broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages and

transcripts, notes, or minutes of any meetings, telephone conversations or discussions.

- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA.¹³ It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; American Oversight has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, by intent or through negligence, failed to meet their obligations.¹⁴
- Please use all tools available to your agency to conduct a complete and efficient search for potentially responsive records. Agencies are subject to government-wide requirements to manage agency information electronically,¹⁵ and many agencies have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency's archiving tools may capture that email under Capstone. At the same time, custodian searches are still necessary; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.

- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

Conclusion

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to American Oversight, please do not hesitate to contact American Oversight to discuss this request. American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and your agency can decrease the likelihood of costly and time-consuming litigation in the future.

Where possible, please provide responsive material in an electronic format by email. Alternatively, please provide responsive material in native format or in PDF format on a USB drive.
