Re: Oregon Public Records Law Request

Dear Public Records Custodian:

Pursuant to the Oregon Public Records Law, Or. Rev. Stat. Ann., Tit. 19, Ch. 192, American Oversight makes the following request for records.

Following the police killing of George Floyd in Minneapolis on May 25, 2020, thousands of people have held daily protests in Portland, Oregon and nationwide. Law enforcement has sometimes responded to these protests with violence, including firing smoke canisters, pepper spray, and rubber bullets.¹ After six weeks of daily demonstrations, the Department of Homeland Security deployed federal agents to the city to suppress the protests, exacerbating concerns—including from Oregon’s own government—about the use of excessive force against protesters.²

Fee Waiver Request

In accordance with O.R.S. § 192.324(5), American Oversight requests a waiver of fees associated with processing this request for records. Disclosure of the requested records is in the public interest because it will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. In addition, the request is primarily and fundamentally for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information is in the “public interest because making the record available primarily benefits the general public.”⁵ The public has a significant interest in the actions taken by Oregon state and local officials in response to unmarked federal agents accosting and detaining people in Portland streets. Records with the potential to shed light on this issue would contribute significantly to public understanding of operations of the government, including helping people understand to what extent state and local leaders were aware of this federal presence and what communications they had with the federal government concerning it. American Oversight is committed to transparency and makes the responses agencies provide to public records requests publicly available, and the general public’s understanding of the government’s activities would be enhanced through American Oversight’s analysis and publication of these records.

This request is primarily and fundamentally for non-commercial purposes. As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight’s financial interest. American Oversight’s mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.⁶

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through numerous substantive analyses posted to its website.⁷ Examples reflecting this commitment to the public disclosure of documents and the creation of editorial content include the posting of records related to the organization’s State Accountability Project covering voting rights issues in various
