Re: Freedom of Information Act Request

Dear FOIA Officer:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of your agency, 45 C.F.R Part 5, American Oversight makes the following request for records.

On August 3, 2020, Reed Smith LLP, a law firm representing TeleTracking Technologies Inc., stated that the company was bound by a “broad Non-Disclosure Agreement” with the Department of Health and Human Services (HHS) (specifically through a contract under the Assistant Secretary for Preparedness Response and Biomedical Advanced Research and Development Authority (ASPR-BARDA)) that prevented TeleTracking from answering congressional questions.¹ To the extent TeleTracking’s representations are accurate, this HHS practice prevents not just Congress, but also the public, from being informed about potential problems with a vital HHS database tracking a pandemic that has caused 170,000 deaths in the U.S. alone.²

Requested Records

American Oversight requests that HHS produce the following records within twenty business days:

¹ Ltr. from A. Scott Bolden, Partner, Reed Smith, to Sens. Charles Schumer & Patty Murray, Aug. 3, 2020, <https://int.nyt.com/data/documenttools/tele-tracking-response-to-senator-schumer-and-senator-murray-dated-august-03-2020-1/7cf488a8cc55487b/full.pdf>.

² *Coronavirus Map: Tracking the Global Outbreak*, N.Y. Times (Aug. 17, 2020, 12:24 PM), <https://www.nytimes.com/interactive/2020/world/coronavirus-maps.html>.

The non-disclosure agreement (NDA) between TeleTracking Technologies Inc. and the Department of Health and Human Services. This NDA was reportedly executed in connection with ASPR-BARDA contract no. 75A50120C00042.³

Please provide all responsive records from March 1, 2020, through the date of the search.

Given that this request seeks a single, readily-identifiable, recent record, American Oversight expects that this request will be assigned to the Simple processing track and will result in a prompt response.

Fee Waiver Request

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and your agency's regulations, American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is primarily and fundamentally for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information is "in the public interest because it is likely to contribute significantly to public understanding of operations or activities of the government."⁴ The public has a significant interest in the transparency obligations of federal contractors designing a database to store the public's health information. This HHS database has already been the subject of a letter from Senators Schumer and Murray.⁵ Records with the potential to shed light on this issue would contribute significantly to public understanding of operations of the federal government, including helping the public understand the details from a non-disclosure agreement signed by a company creating a federal database.

American Oversight is committed to transparency and makes the responses agencies provide to FOIA requests publicly available, and the public's understanding of the government's activities would be enhanced through American Oversight's analysis and publication of these records.

³ If further identifying information is needed, please see Ltr. from Sens. Charles Schumer & Patty Murray to Michael Zamagias, Chairman and Chief Executive Officer, TeleTracking Technologies Inc., July 22, 2020, <https://int.nyt.com/data/documenttools/tele-tracking-response-to-sentator-schumer-and-senator-murray-dated-august-03-2020-1/7cf488a8cc55487b/full.pdf>.

This request is primarily and fundamentally for non-commercial purposes.⁶ As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight's financial interest. American Oversight's mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. regarding the Department's process for issuing such waivers;¹² and posting records and analysis of federal officials' use of taxpayer dollars to charter private aircraft or use government planes for unofficial business.¹³

Accordingly, American Oversight qualifies for a fee waiver.

Guidance Regarding the Search & Processing of Requested Records

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics.
- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA.¹⁴ It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; American Oversight has a right to records contained in those files

even if material has not yet been moved to official systems or if officials have, by intent or through negligence, failed to meet their obligations.¹⁵

- Please use all tools available to your agency to conduct a complete and efficient search for potentially responsive records. Agencies are subject to government-wide requirements to manage agency information electronically,¹⁶ and many agencies have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency's archiving tools may capture that email under Capstone. At the same time, custodian searches are still necessary; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.
- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

Conclusion

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to American Oversight, please do not hesitate to contact American Oversight to discuss this request. American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or
