Re: Right-to-Know Law Request

Dear Ms. D’Innocenzo:

Pursuant to the Right-to-Know Law (RTKL), as codified at 65 P.S. §§ 67.101 et seq., American Oversight makes the following request for records.

The November 2020 election, conducted in the midst of a global pandemic, will present election administrators with unprecedented logistical difficulties, including the challenges associated with processing a record number of mail ballots.¹ Concerns have arisen that resulting delays in the certification of election results might cause state governments to appoint delegates to the Electoral College directly, potentially leading to scenarios in which a presidential candidate could gain a state’s delegates without definitively winning a plurality of votes.² Recent reporting indicates that senior legislative officials, including Senate Majority Leader Jake Corman, have discussed the possibility of direct appointment of electors.³

American Oversight seeks records with the potential to shed light on conversations by elected officials concerning contingency plans in the event of a close or contested election, including regarding the direct appointment of electors.

Requested Records

American Oversight requests that your office produce the following records within five business days:

Please provide all responsive records from August 1, 2020, through the date the search is conducted.

In an effort to accommodate your office and reduce the number of potentially responsive records to be processed and produced, American Oversight has limited its request to emails sent by Majority Leader Corman, Mr. Callahan, or Mr. Sikorski. To be clear, however, American Oversight still requests that complete email chains be produced, displaying both sent and received messages. This means, for example, that both Sen. Corman's response to an email containing one of the listed terms as well as the initial received message are responsive to this request and should be produced.
