Re: Open Records Act Request

Dear Records Access Officer:

Pursuant to the Oklahoma Open Records Act, O.S. tit. 51, §§ 24A.1 et seq., American Oversight makes the following request for records.

The novel coronavirus has infected more than 12 million people and resulted in more than 256,000 deaths in the United States alone.¹ In recent weeks, the speed and volume of infections has increased dramatically in much of the country, reaching nearly 200,000 new daily cases.² Despite the surge in infections, many state governments have declined to impose public health measures such as mask mandates to mitigate the virus's spread, including in states where the rate of infections is highest.³

American Oversight seeks records with the potential to shed light on Oklahoma's response to the coronavirus pandemic.

Requested Records

American Oversight requests that your office produce the following records within five business days:

1. Any final assessments, reports, analyses, recommendations, or guidance prepared by your office, other federal, state, or local offices (including the Oklahoma State Department of Health and the U.S. Centers for Disease Control and Prevention), or independent experts, regarding any projected or

2. Any final assessments, reports, analyses, recommendations, or guidance prepared by your office, other federal, state, or local offices (including the Oklahoma State Department of Health and the U.S. Centers for Disease Control and Prevention), or independent experts, regarding any projected or actual effects of Oklahoma's current public health measures on the spread of COVID-19.

Please provide all responsive records from July 1, 2020, to the date the search is conducted.

Fee Waiver Request

In accordance with 51 O.S. tit. 51, § 24A.5(4), American Oversight requests that your office charge no search fees in connection with processing this request for records. Release of the requested records "is in the public interest," because American Oversight, in accordance with its organizational mission, makes this request "to determine whether those entrusted with the affairs of the government are honestly, faithfully, and competently performing their duties as public servants."⁴ Specifically, the requested records have the potential to shed light on the Oklahoma state government's response to the coronavirus, an urgent public health emergency.⁵ Records with the potential to shed light on this issue would contribute significantly to public understanding of whether and to what extent public servants are fulfilling their duties, including safeguarding public health during an unprecedented global pandemic.

Guidance Regarding the Search & Processing of Requested Records

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- In conducting your search, please understand the terms “record,” in its broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind, and search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics.
- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. - Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and your agency can decrease the likelihood of costly and time-consuming litigation in the future.
