**Re: Open Records Act Request**

Dear Custodian of Records:

Pursuant to the Kentucky Open Records Act (KORA), KRS § 61.870 et seq., American Oversight makes the following request for records.

**Requested Records**

American Oversight requests that the Office of the Attorney General produce copies of the following records within three business days:

1. All email communications (including emails, complete email chains, calendar invitations, and attachments thereto) and text message threads/conversations between (a) any of the state officials listed in Column A below, and (b) any of the external entities listed in Column B below or their representatives:

2. All (a) email communications (including emails, complete email chains, calendar invitations, and attachments thereto) sent by and (b) text message threads/conversations sent or received by any of the individuals specified in Column A, above, that contain any of the key terms listed below:

Key Terms:

- ii. RLDF
- iii. “Republican Attorneys General Association”
- iv. RAGA
- v. “Save America”
- vi. “stop the steal”
- vii. Patriot
- viii. “election fraud”
- ix. “integrity of our election”
- x. “election integrity”
- xi. Rally
- xii. MAGA
- xiii. “great again”
- xiv. Piper

For item 2(a) of this request, in an effort to accommodate your office and reduce the number of potentially responsive records to be processed and produced, American Oversight has limited its request to emails sent by the specified officials in the Office of the Attorney General. To be clear, however, American Oversight still requests that complete email chains be produced, displaying both sent and received messages. This means, for example, that both Attorney General Cameron’s response to an email containing one of the key terms listed above and the initial received message are responsive to this request and should be produced.

For item 2(b) of this request, American Oversight requests that complete text message threads/conversations be produced. This means, for example, that if Attorney General Cameron sent or received a text message containing any of the key terms listed above, American Oversight requests that the complete text conversation for the timeframe listed below should be produced, and not just the message containing the key term.

For both items of this request, please provide all responsive records from November 3, 2020, to the date the search is conducted.

**Pursuant to KRS § 61.880(1), American Oversight requests that you notify us within three workdays as to whether you will comply with this request.**

### **Statement of Noncommercial Purpose**

This request is for noncommercial purposes, and American Oversight respectfully requests a waiver of any fees associated with processing this request for records. To the extent any fees are charged, pursuant to KRS § 61.874(3), American Oversight asks that such fees be limited to the actual cost of reproduction and exclude the cost of agency staff time.

This request is primarily and fundamentally for non-commercial purposes. American Oversight seeks the records requested to inform the public regarding whether and to what extent officials in the Office of the Attorney General were aware of robocalls reportedly made by the Rule of Law Defense Fund urging supporters to travel to Washington, D.C., to “fight” Congress over President Trump’s election fraud claims. This matter is a subject of substantial public interest in Kentucky and nationwide.<sup>1</sup> Records with the potential to shed light on this matter would contribute significantly to public understanding of operations of the government.

Furthermore, as a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight’s financial interest. American Oversight’s mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public

### **Guidance Regarding the Search & Processing of Requested Records**

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics. For instance, if the request seeks “communications,” please search all locations likely to contain communications, including relevant hard-copy files, correspondence files, appropriate locations on hard drives and shared drives, emails, text messages or other direct messaging systems (such as iMessage, WhatsApp, Signal, or Twitter direct messages), voicemail messages, instant messaging systems such as Lync or ICQ, and shared messages systems such as Slack.
- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages.
- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. *See* KRS § 61.878(4). If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.
