**Re: Freedom of Information Act Request**

Dear FOIA Officer:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of the Department of Commerce, 15 C.F.R. Part 4, American Oversight makes the following request for records.

**Requested Records**

American Oversight requests that the Census Bureau produce the following records within twenty business days:

All calendars and calendar entries for the former agency officials listed below, including any calendars maintained on their behalf, reflecting events that took place from March 1, 2020, through January 20, 2021.

For calendar entries created in Outlook or similar programs, the documents should be produced in “memo” form to include all invitees, any notes, and all attachments. Please do not limit your search to Outlook calendars—we request the production of any calendar—paper or electronic, whether on government-issued or personal devices—used to track or coordinate how these individuals allocated their time on agency business.

The search should include any calendars associated with an agency official’s individual email account, as well as any official calendars maintained for the official, including by his or her administrative assistant or scheduler.

**Specified Former Officials**

- i. Director Stephen Dillingham
- ii. Chief of Staff Christa Jones
- iii. Ron Jarmin, Deputy Director and Chief Operating Officer
- iv. Kevin Quinley, Director of Strategic Initiatives
- v. Nathaniel Cogley, Deputy Director of Policy
- vi. Adam Korzeniewski, Senior Advisor to the Deputy Director

- vii. Benjamin Overholt, Deputy Director for Data
- viii. Earl “Trey” Mayfield, Counselor to the Director
- ix. Albert E. Fontenot Jr., Associate Director for Decennial Census Programs

### **Fee Waiver Request**

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and your agency’s regulations, American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is primarily and fundamentally for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information is “in the public interest because it is likely to contribute significantly to public understanding of operations or activities of the government.”<sup>1</sup> The subject of the request concerns the operations of the federal government, specifically the activities of senior Census Bureau officials during the decennial count. The public has a significant interest in the activities of top Census Bureau officials while conducting the most crucial function of the agency, the decennial count, especially one complicated by the coronavirus pandemic and legal challenges.<sup>2</sup> Disclosure of this information by American Oversight is likely to contribute to the public’s understanding of the functioning of the agency charged with executing the census count. Records with the potential to shed light on this matter would contribute significantly to public understanding of operations of the federal government, including how senior Census Bureau officials were allocating their time and what outside entities they were meeting with during the 2020 census. American Oversight is committed to transparency and makes the responses agencies provide to FOIA requests publicly available, and the public’s understanding of the government’s activities would be enhanced through American Oversight’s analysis and publication of these records.

Accordingly, American Oversight qualifies for a fee waiver.

### **Guidance Regarding the Search & Processing of Requested Records**

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics.
- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA.<sup>11</sup> It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; American Oversight has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, by intent or through negligence, failed to meet their obligations.<sup>12</sup>
- Please use all tools available to your agency to conduct a complete and efficient search for potentially responsive records. Agencies are subject to government-

wide requirements to manage agency information electronically,<sup>13</sup> and many agencies have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency's archiving tools may capture that email under Capstone. At the same time, custodian searches are still necessary; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.

- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

## **Conclusion**

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to American Oversight, please do not hesitate to contact American Oversight to discuss this request. American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and your agency can decrease the likelihood of costly and time-consuming litigation in the future.
