Re: Freedom of Information Act Request

Dear FOIA Officer:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of your agency, American Oversight makes the following request for records.

On January 6, 2021, rioters stormed the U.S. Capitol, inciting violence that resulted in five deaths.¹ Chris Grisafe, a top official at the Federal Emergency Management Agency (FEMA), attended the “Stop the Steal” rally ahead of riots, during which President Trump urged his followers to “fight.”²

Requested Records

American Oversight requests that FEMA produce the following records within twenty business days:

- 1) All email communications (including email messages, complete email chains, email attachments, calendar invitations, and calendar attachments) sent by Chris Grisafe that contain any of the key terms below.

Please provide all responsive records from January 1, 2021 to January 25, 2021.

Key Terms:

- | | |
|-----------------------|-----------------------|
| i. “Free speech” | v. “Rally to Revival” |
| ii. Capitol | vi. Storm |
| iii. “Stop the steal” | vii. Trump |
| iv. “Save America” | |

xviii.	“Our House”	xxx.	Inauguration
xix.	MAGA		

In an effort to accommodate your office and reduce the number of potentially responsive records to be processed and produced, American Oversight has limited Item 1 of its request to communications sent by Mr. Grisafe. To be clear, however, American Oversight still requests that complete email chains be produced, displaying both sent and received messages. This means, for example, that both Mr. Grisafe’s response to an email containing one of the listed key terms and the initial received message are responsive to this request and should be produced.

- 2) All text messages or messages on messaging applications similar in form to text messages (such as Signal, WhatsApp, Facebook Messenger, Twitter DMs, etc.) sent or received by Mr. Grisafe containing any of the key terms listed in Item 1, above.

Please provide all responsive records from January 1, 2021 to January 25, 2021.

American Oversight requests complete text threads/conversations. This means, for example, if Mr. Grisafe sent or received a text message containing any of the key terms listed above, the complete text thread/conversation for the timeframe listed above should be produced, and not just the message containing the key term.

- 3) Records reflecting any expenditures made and/or reimbursed by FEMA in connection with Mr. Grisafe’s appearance at the “Stop the Steal” rally on or about January 6, 2021, in Washington, D.C., including, but not limited to, records of any reimbursements submitted by or on behalf of Mr. Grisafe.

Responsive records would include, but are not limited to, hotel or other lodging invoices or receipts; government-issued charge card or travel card reports; receipts from rental car agencies, or other transportation companies; records reflecting the cost of government transportation;

receipts or other records reflecting the cost of meals or refreshments; or records reflecting per diem payments.

Please provide all responsive records from January 1, 2021 to January 25, 2021.

Fee Waiver Request

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and your agency's regulations, American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is primarily and fundamentally for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information is "in the public interest because it is likely to contribute significantly to public understanding of operations or activities of the government."³ The public has a significant interest in the actions of its public officials, particularly as they relate to participation in unfounded claims of voter fraud and efforts to block the certification of the presidential election. Records with the potential to shed light on this matter would contribute significantly to public understanding of operations of the federal government, including if and how FEMA employees supported efforts to invade the U.S. Capitol. American Oversight is committed to transparency and makes the responses agencies provide to FOIA requests publicly available, and the public's understanding of the government's activities would be enhanced through American Oversight's analysis and publication of these records.

This request is primarily and fundamentally for non-commercial purposes.⁴ As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight's financial interest. American Oversight's mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.⁵

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through regular substantive analyses

³ 5 U.S.C. § 552(a)(4)(A)(iii).

⁴ See 5 U.S.C. § 552(a)(4)(A)(iii).

⁵ American Oversight currently has approximately 15,700 page likes on Facebook and 105,400 followers on Twitter. posted to its website.⁶ Examples reflecting this commitment to the public disclosure of documents and the creation of editorial content include the posting of records related to the Trump Administration’s contacts with Ukraine and analyses of those contacts;⁷ posting records and editorial content about the federal government’s response to the Coronavirus pandemic;⁸ posting records received as part of American Oversight’s “Audit the Wall” project to gather and analyze information related to the administration’s proposed construction of a barrier along the U.S.-Mexico border, and analyses of what those records reveal;⁹ the posting of records related to an ethics waiver received by a senior Department of Justice attorney and an analysis of what those records demonstrated regarding the Department’s process for issuing such waivers;¹⁰ and posting records and analysis of federal officials’ use of taxpayer dollars to charter private aircraft or use government planes for unofficial business.¹¹

Accordingly, American Oversight qualifies for a fee waiver.

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics.
- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA.¹² It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; American Oversight has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, by intent or through negligence, failed to meet their obligations.¹³
- Please use all tools available to your agency to conduct a complete and efficient search for potentially responsive records. Agencies are subject to government-wide requirements to manage agency information electronically,¹⁴ and many agencies have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency's archiving tools may capture that email under Capstone. At the same time, custodian searches are still necessary; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.
- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of

the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.

- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

Conclusion

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to American Oversight, please do not hesitate to contact American Oversight to discuss this request. American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and your agency can decrease the likelihood of costly and time-consuming litigation in the future.
