Re: Freedom of Information Act Request

Dear FOIA Officer:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of your agency, 6 C.F.R. Part 5 and 19 C.F.R. § 103.2, American Oversight makes the following request for records.

On March 11, 2021, CNN purportedly filmed a trafficker repeatedly ferrying migrants across the Rio Grande at an area of the river controlled by Customs and Border Protection (CBP). A former border patrol agent turned migrant activist has claimed that the event may have been staged for the media, because it would be unusual for traffickers to talk with reporters, distribute masks to migrants, and move so many people during the day.¹

Requested Records

American Oversight requests that your agency produce the following records within twenty business days:

1. All electronic communications (including email messages, complete email chains, calendar invitations, text messages, and any attachments thereto) between (A) the officials listed in Column A, and (B) the external parties listed in Column B (including but not limited to anyone communicating with the email domains listed), below.

Column A: Border Patrol Employees	Column B: External Parties
i. Lawrence "Rusty" Payne, Director of Media	i. CNN (@cnn.com)

¹ Marcia Brown, *Did CNN Air a Staged Migrant Crossing of the Rio Grande?*, The Prospect (March 22, 2021), <https://prospect.org/justice/did-cnn-air-staged-migrant-crossing-of-the-rio-grande/>.

ii. Roderick Kise, Rio Grande Press Officer	ii. Tripwires and Triggers (@tripwirestriggers.com)
iii. Thomas Gresback, Rio Grande Press Officer	iii. Border Patrol Union (@bpunion.org)
iv. Cecilia Barreda, Southwest Branch Chief	iv. Tim Wilkins (@CADTax.com)
v. Justin Long, Headquarters Branch Chief	

Please provide all responsive records from March 10, 2021 to March 13, 2021.

- All email communications (including emails, email attachments, complete email chains, calendar invitations, and calendar invitation attachments) sent by Rio Grande Valley Sector Chief Patrol Agent Brian Hastings or McAllen Border Patrol Station Patrol Agent in Charge Michael Banks from March 9, 2021 to March 13, 2021.

In an effort to accommodate Customs and Border Protection and reduce the number of potentially responsive records to be processed and produced, American Oversight has limited part 2 of its request to emails sent by the listed custodians over a narrow period of time. To be clear, however, American Oversight still requests that complete email chains be produced, displaying both sent and received messages. This means, for example, that both Chief Patrol Agent Brian Hastings’s response to an email and the initial received message are responsive to this request and should be produced.

Fee Waiver Request

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and your agency’s regulations, American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is primarily and fundamentally for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information is “in the public interest because it is likely to contribute significantly to public understanding of operations or activities of the government.”² The public has a significant interest in whether allegations that border patrol staged the March 11, 2021 migrant crossing are true. If the allegations are true, it would mean that border patrol agents were complicit in smuggling migrants over the border to create a media event for CNN. The allegations have been printed in several national publications including

The Guardian and The Prospect.³⁴ Records with the potential to shed light on this question would contribute significantly to public understanding of operations of the federal government, including helping the public understand CBP's media and local response to the March 11, 2021 smuggling operation. American Oversight is committed to transparency and makes the responses agencies provide to FOIA requests publicly available, and the public's understanding of the government's activities would be enhanced through American Oversight's analysis and publication of these records.

This request is primarily and fundamentally for non-commercial purposes.⁵ As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight's financial interest. American Oversight's mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.⁶

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through regular substantive analyses posted to its website.⁷ Examples reflecting this commitment to the public disclosure of documents and the creation of editorial content include the posting of records related to the Trump Administration's contacts with Ukraine and analyses of those contacts;⁸ posting records and editorial content about the federal government's response to the Coronavirus pandemic;⁹ posting records received as part of American Oversight's

Accordingly, American Oversight qualifies for a fee waiver.

Guidance Regarding the Search & Processing of Requested Records

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics.
- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the

Federal Records Act and FOIA.¹³ It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; American Oversight has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, by intent or through negligence, failed to meet their obligations.¹⁴

- Please use all tools available to your agency to conduct a complete and efficient search for potentially responsive records. Agencies are subject to government-wide requirements to manage agency information electronically,¹⁵ and many agencies have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency's archiving tools may capture that email under Capstone. At the same time, custodian searches are still necessary; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.
- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

Conclusion

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more
