Re: Freedom of Information Act Request

Dear Chief Counsel Schaaf:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of the Department of Justice, 28 C.F.R. Part 16, American Oversight makes the following request for records.

The Trump administration tapped former Immigration and Customs Enforcement (ICE) prosecutor Tracy Short to serve as head of the Executive Office for Immigration Review's (EOIR) Office of the Chief Immigration Judge (OCIJ). Observers have expressed concern that the leadership change may damage the impartiality of the office.

American Oversight seeks records with the potential to shed light on Judge Short's actions while in this position.

Requested Records

American Oversight requests that the Executive Office for Immigration Review (EOIR) produce the following records within twenty business days:

1. All email communications (including emails, complete email chains, calendar invitations, and attachments thereto) sent by Chief Judge Tracy Short to any email address ending in .com, .net, .org, .mail, or .edu.
2. All email communications (including emails, email attachments, complete email chains, and calendar invitations) between (i) Chief Judge Tracy Short and (ii) any of the offices, entities, or individuals listed below;

External Entities

- a. Anyone in the White House Office (including anyone with an email address ending in @who.eop.gov)

- b. Anyone communicating from the office of Senator Ted Cruz (including email communications from email addresses ending in @cruz.senate.gov)
- c. Anyone communicating from the office of Senator John Cornyn (including email communications from email addresses ending in @cornyn.senate.gov)
- d. Anyone communicating from the Office of Representative Tom McClintock
- e. Anyone communicating from the Office of Representative Ken Buck
- f. Anyone communicating from the Office of Representative Andy Biggs
- g. Anyone communicating from the Office of Representative Chip Roy
- h. Anyone communicating from the Office of Representative Tom Tiffany
- i. Anyone communicating from the Office of Representative Victoria Spartz
- j. Anyone communicating from America First Legal (aflegal.org)
- k. Stephen Miller (either while at the White House or as a private citizen)
- l. Gene Hamilton (either while at DOJ or as a private citizen)
- m. Jon Feere (either while at ICE or as a private citizen)

In an effort to accommodate EOIR and reduce the number of potentially responsive records to be processed and produced, American Oversight has limited its request to emails sent by Chief Judge Short. To be clear, however, American Oversight still requests that complete email chains be produced, displaying both sent and received messages. This means, for example, that both Short's response to an email from a listed entity and the initial received message are responsive to this request and should be produced.

Please provide all responsive records from November 3, 2020, through the date of the search.

Fee Waiver Request

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and your agency's regulations, American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is primarily and fundamentally for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information is "in the public interest because it is likely to contribute significantly to public understanding of operations or activities of the government."¹ The public has a significant interest in communications a potential burrower may have had with partisan

entities during the transition period. Records with the potential to shed light on this issue would contribute significantly to public understanding of operations of the federal government, including whether and to what extent a potential burrower was communicating with partisan entities during the presidential transition period. American Oversight is committed to transparency and makes the responses agencies provide to FOIA requests publicly available, and the public's understanding of the government's activities would be enhanced through American Oversight's analysis and publication of these records.

This request is primarily and fundamentally for non-commercial purposes.² As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight's financial interest. American Oversight's mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.³

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through regular substantive analyses posted to its website.⁴ Examples reflecting this commitment to the public disclosure of documents and the creation of editorial content include the posting of records related to the Trump Administration's contacts with Ukraine and analyses of those contacts;⁵ posting records and editorial content about the federal government's response to the Coronavirus pandemic;⁶ posting records received as part of American Oversight's "Audit the Wall" project to gather and analyze information related to the administration's proposed construction of a barrier along the U.S.-Mexico border, and analyses of what those records reveal;⁷ the posting of records related to an ethics waiver

received by a senior Department of Justice attorney and an analysis of what those records demonstrated regarding the Department's process for issuing such waivers;⁸ and posting records and analysis of federal officials' use of taxpayer dollars to charter private aircraft or use government planes for unofficial business.⁹

Accordingly, American Oversight qualifies for a fee waiver.

Guidance Regarding the Search & Processing of Requested Records

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics.
- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA.¹⁰ It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; American Oversight has a right to records contained in those files even if material has not yet been moved to official

systems or if officials have, by intent or through negligence, failed to meet their obligations.¹¹

- Please use all tools available to your agency to conduct a complete and efficient search for potentially responsive records. Agencies are subject to government-wide requirements to manage agency information electronically,¹² and many agencies have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency's archiving tools may capture that email under Capstone. At the same time, custodian searches are still necessary; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.
- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

Conclusion

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to American Oversight, please do not hesitate to contact American Oversight to discuss this request. American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American
