**Re: Open Records Act Request**

Dear Open Records Officer:

Pursuant to the Kentucky Open Records Act (KORA), codified at KRS §§ 61.870 et seq., American Oversight makes the following request for records.

On February 10, 2021, Kentucky Senate President Robert Stivers introduced SB 228, legislation that would transfer authority for filling a vacant U.S. Senate seat from the governor to a committee of the same political party as the departed senator.<sup>1</sup> A spokesperson for Senator Stivers wrote of the bill, “Leader McConnell has discussed the legislation with President Stivers and is fully supportive of the measure,”<sup>2</sup> fueling speculation regarding the timing and intent of SB 228’s introduction.

American Oversight seeks records with the potential to shed light on the proposed changes to senate vacancy rules in Kentucky, including the timing of any related conversations between legislative leadership and other Kentucky officials.

**Requested Records**

American Oversight requests that your office produce copies of the following records within three business days:

All email communications (including email messages, complete email chains, email attachments, calendar invitations, and calendar invitation attachments) sent by Senator Stivers, anyone communicating on his behalf such as a scheduler or assistant, or anyone serving as chief of staff to Sen. Stivers, regarding

<sup>2</sup> *Id.*

SB 228 or any discussion of the hypothetical or actual process for filling a vacancy for a US Senate seat in Kentucky.

In an effort to accommodate your office and reduce the number of potentially responsive records to be processed and produced, American Oversight has limited its request to emails sent by the specified officials. To be clear, however, American Oversight still requests that complete email chains be produced, displaying both sent and received messages. This means, for example, that both Sen. Stivers's response to an email regarding SB 228 and the initial received message are responsive to this request and should be produced.

Please provide all responsive records from January 4, 2021, through the date the search is conducted.

**Pursuant to KRS § 61.880(1), American Oversight requests that you notify us within three workdays as to whether you will comply with this request.**

### **Statement of Noncommercial Purpose**

This request is for noncommercial purposes, and American Oversight respectfully requests a waiver of any fees associated with processing this request for records. To the extent any fees are charged, pursuant to KRS § 61.874(3), American Oversight asks that such fees be limited to the actual cost of reproduction and exclude the cost of agency staff time.

This request is primarily and fundamentally for non-commercial purposes. American Oversight seeks the records requested to inform the public regarding conversations between Kentucky's legislative leadership and U.S. Senate Majority Leader Mitch McConnell concerning potential senate vacancies.<sup>3</sup> Records with the potential to shed light on this matter would contribute significantly to public understanding of operations of the government, including the timing of any conversations regarding potential vacancies.

Furthermore, as a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight's financial interest. American Oversight's mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.<sup>4</sup>

## **Guidance Regarding the Search & Processing of Requested Records**

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages.
- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. *See* KRS § 61.878(4). If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

## **Conclusion**

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to American Oversight, please do not hesitate to contact American Oversight to discuss this request. American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and your agency can decrease the likelihood of costly and time-consuming litigation in the future.
