Fee Waiver Request

In accordance with S.C. Code Ann. § 30-4-30(B), American Oversight requests a waiver of fees associated with processing this request for records. Disclosure of the requested records is in the public interest because it will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. In addition, this request is primarily and fundamentally for non-commercial purposes.

A waiver of fees is "in the public interest because furnishing the information can be considered as primarily benefiting the general public."² The general public has a significant interest in understanding communications Attorney General Wilson may be having with campaign donors. Records with the potential to shed light on this matter would contribute significantly to public understanding of operations of the government, including whether and what manner of conversations Attorney General Wilson may be having with campaign donors, and the potential influence campaign donors may be exerting on the office of the Attorney General. American Oversight is committed to transparency and makes the responses agencies provide to public records requests publicly available, and the public's understanding of the government's activities would be enhanced through American Oversight's analysis and publication of these records.

Furthermore, American Oversight's work is aimed solely at serving the public interest. As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight's financial interest. American Oversight's mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through regular substantive analyses posted to its website.⁴ Examples reflecting this commitment to the public disclosure of documents and the creation of editorial content include the posting of records and analysis related to the organization’s investigations into misconduct and corruption in state governments;⁵ posting records and analysis of federal and state governments’ responses to the Coronavirus pandemic;⁶ posting records received as part of American Oversight’s “Audit the Wall” project to gather and analyze information related to the Trump administration’s proposed construction of a barrier along the U.S.-Mexico border, and analyses of what those records reveal;⁷ and the posting of records related to an ethics waiver received by a senior Department of Justice attorney and an
