**Re: Freedom of Information Act Request**

Dear FOIA Officer:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of your agency, American Oversight makes the following request for records.

The governors of Arizona, Arkansas, Iowa, South Dakota, and Texas have deployed National Guard troops to the U.S.-Mexico border in Texas because Governor Abbott of Texas has deemed the number of immigrants crossing the border as a crisis.<sup>1</sup> American Oversight seeks records with the potential to shed light on the deployment of National Guard troops to the border.

**Requested Records**

American Oversight requests that your agency produce the following records within twenty business days:

1. Records reflecting the expenses and costs incurred for the deployment of Arizona National Guard troops to the U.S.-Mexico border.
2. Records reflecting summaries, readouts, or after-action reports for the deployment of Arizona National Guard troops to the U.S.-Mexico border.
3. Any formal or informal assessment or analysis provided to or created by your office regarding the deployment of Arizona National Guard troops to the U.S.-Mexico border, including assessments or analyses regarding the legality of deployment or involving the Emergency Management Assistance Compact.

4. Any memoranda, order, or other document reflecting or outlining the scope of the deployment of Arizona National Guard troops to the U.S.-Mexico border, including limits placed on or authorities given to National Guard troops deployed to the border.
5. Records sufficient to identify departments from which troops have been deployed to the U.S.-Mexico border and where they have been deployed.

To be clear, American Oversight is not requesting the disclosure of names or other personally identifiable information, or privileged details about National Guard troops deployed to the U.S.-Mexico border and does not object to the redaction of such information from responsive documents. To the extent that your agency maintains aggregated information, such as spreadsheets or database records that can be readily exported to spreadsheets, such documents would be responsive to this request.

6. Records sufficient to identify the number of arrests made by Arizona National Guard troops deployed to the U.S.-Mexico border.
7. Records sufficient to identify the number of referrals made to Immigrations and Customs Enforcement (ICE) or U.S. Customs and Border Protection (CBP) by Arizona National Guard troops deployed to the U.S.-Mexico border.

Please provide all responsive records from March 1, 2021, through the date the search is conducted.

### **Fee Waiver Request**

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and your agency's regulations, American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is primarily and fundamentally for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information is "in the public interest because it is likely to contribute significantly to public understanding of operations or activities of the government."<sup>2</sup> The public has a significant interest in the deployment of state National Guard troops to the U.S.-Mexico border. Records with the potential to shed light on this matter would contribute significantly to public understanding of the cost and scope of deployment. American Oversight is committed to transparency and makes the responses agencies provide to FOIA requests publicly available, and the public's understanding of the government's activities would be enhanced through American Oversight's analysis and publication of these records.

### **Guidance Regarding the Search & Processing of Requested Records**

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics.
- In conducting your search, please understand the terms “record,” “document,” and “information” in their broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages, and transcripts, notes, or minutes of any meetings, telephone conversations, or discussions.
- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA.<sup>11</sup> It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; American Oversight has a right to records contained in those files even if material has not yet been moved to official

systems or if officials have, by intent or through negligence, failed to meet their obligations.<sup>12</sup>

- Please use all tools available to your agency to conduct a complete and efficient search for potentially responsive records. Agencies are subject to government-wide requirements to manage agency information electronically,<sup>13</sup> and many agencies have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency's archiving tools may capture that email under Capstone. At the same time, custodian searches are still necessary; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.
- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

## **Conclusion**

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to American Oversight, please do not hesitate to contact American Oversight to discuss this request. American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American
