Re: Public Records Act Request

Dear Public Information Officer:

Pursuant to the Nevada Public Records Act, N.R.S. Chapter 239, American Oversight makes the following request for records.

Requested Records

American Oversight requests that Nye County Sheriff's Office produce the following records within five business days:

- 1) All email communications (including email messages, complete email chains, email attachments, calendar invitations, and calendar invitation attachments) sent by Sheriff Sharon Wehrly containing any of the key terms below.

Key Terms:

| vi. Tyranny | xxiv. Congress |
| vii. Tyrannical | xxv. DC |

| | xxxvii. "constitutional
sheriffs" |

xxxviii. “Oath Keeper”

xxxix. “Oath Keepers”

Please provide all responsive records from November 1, 2020, through date of search.

In an effort to accommodate your office and reduce the number of potentially responsive records to be processed and produced, American Oversight has limited Item 1 of its request to communications sent by Sheriff Sharon Wehrly. To be clear, however, American Oversight still requests that complete email chains be produced, displaying both sent and received messages. This means, for example, both Sheriff Sharon Wehrly’s response to an email containing one of the listed key terms and the initial received message are responsive to this request and should be produced.

Please note that American Oversight does not seek, and that this request specifically excludes, the initial mailing of news clips or other mass-distribution emails. However, subsequent communications forwarding such emails are responsive to this request. In other words, for example, if Sheriff Wehrly received a mass-distribution news clip email containing one of the listed key terms, that initial email would not be responsive to this request. However, if Sheriff Wehrly forwarded that email to another individual with his own commentary, that subsequent message, even if it did not itself contain a key term, would be responsive to this request and should be produced.

- 2) All text messages or messages on messaging applications similar in form to text messages (such as Signal, WhatsApp, Facebook Messenger, Twitter DMs, etc.) sent or received Sheriff Sharon Wehrly containing any of the key terms listed in Part 1, above.

Please provide all responsive records from November 1, 2020, through date of search.

American Oversight requests complete text threads/conversations. This means, for example, that if Sheriff Wehrly sent or received a text message containing any of the key terms listed above, the complete text thread/conversation for the timeframe listed above should be produced, and not just the message containing the key term.

Please consult with American Oversight on any fees the agency expects it may assess.

American Oversight is a 501(c)(3) nonprofit with the mission to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. website and promotes their availability on social media platforms, such as Facebook and Twitter.¹

Guidance Regarding the Search & Processing of Requested Records

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics. For instance, if the request seeks “communications,” please search all locations likely to contain communications, including relevant hard-copy files, correspondence files, appropriate locations on hard drives and shared drives, emails, text messages or other direct messaging systems (such as iMessage, WhatsApp, Signal, or Twitter direct messages), voicemail messages, instant messaging systems such as Lync or ICQ, and shared messages systems such as Slack.
- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages.
- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. N.R.S. § 239.010(3). If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.
