Re: Open Records Act Request

Dear Custodian of Records:

Pursuant to the Colorado Open Records Act, C.R.S. § 24-72-201 et seq., American Oversight makes the following request for records.

In August 2021, sensitive data about voting machines in Mesa County, Colorado, was posted online by conspiracy theorists after county clerk Tina Peters allowed an unauthorized person into a secure facility during an upgrade of the election software.¹ Peters then attended and spoke at Mike Lindell's cyber "symposium" in South Dakota, as Lindell was sheltering her out of presumed fears for her safety.²

American Oversight seeks records with the potential to shed light on County Clerk Tina Peters' communications.

Requested Records

American Oversight requests that Mesa County produce the following records within three working days:

All email communications (including emails, email attachments, complete email chains, and calendar invitations) sent (a) Mesa County Clerk Tina Peters containing any of the key terms specified below.

Key Terms:

In an effort to accommodate your office and reduce the number of potentially responsive records to be processed and produced, American Oversight has limited its request to emails sent by Clerk Peters. To be clear, however, American Oversight still requests that complete email chains be produced, displaying both sent and received messages. This means, for example, that both Peters' to an email containing a specified term and the initial received message are responsive to this request and should be produced.

Please provide all responsive records from November 3, 2020, through the date the search is conducted.

Please notify American Oversight of any anticipated fees or costs in excess of \$100 prior to incurring such costs or fee.

Fee Waiver Request

In accordance with C.R.S. § 24-72-205(4), American Oversight requests a waiver of fees associated with processing this request for records. Moreover, the request is primarily and fundamentally for non-commercial purposes.

³ C.R.S. § 24-72-205(4).

The public has a significant interest in communications County Clerk Tina Peters may have had with certain external entities and regarding the election. Records with the potential to shed light on this matter would contribute significantly to public understanding of operations of the government, including whether and to what extent County Clerk Peters was coordinating with these external entities and regarding the election. American Oversight is committed to transparency and makes the responses agencies provide to open records requests publicly available, and the public's understanding of the government's activities would be enhanced through American Oversight's analysis and publication of these records.

Guidance Regarding the Search & Processing of Requested Records

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics. For instance, if the request seeks “communications,” please search all locations likely to contain communications, including relevant hard-copy files, correspondence files, appropriate locations on hard drives and shared drives, emails, text messages or other direct messaging systems (such as iMessage, WhatsApp, Signal, or Twitter direct messages), voicemail messages, instant messaging systems such as Lync or ICQ, and shared messages systems such as Slack.
- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages.
- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of

the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.

- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.
