## Fee Waiver Request

In accordance with 5 ILCS § 140/6(c), American Oversight requests a waiver of fees associated with processing this request for records. A waiver of fees for this request “is in the public interest” because “the principal purpose of the request is to access and disseminate information regarding the health, safety and welfare or the legal rights of the general public and is not for the principal purpose of personal or commercial benefit.”<sup>1</sup>

The public has a significant interest in Illinois’ congressional redistricting process.<sup>2</sup> Records with the potential to shed light on this matter would contribute significantly to public understanding of operations of the state government, including whether and to what extent Illinois’ redistricting leaders have communicated with Illinois’ congressional delegation. American Oversight is a 501(c)(3) nonprofit organization committed to transparency and makes the responses agencies provide to FOIA requests publicly available. The public’s understanding of the government’s activities related to public health, safety, welfare, and legal rights would be enhanced through American Oversight’s analysis and publication of these records.

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through regular substantive analyses posted to its website.<sup>3</sup> Examples reflecting this commitment to the public disclosure of documents and the creation of editorial content include the posting of records and analysis related to the organization’s investigations into misconduct and corruption in state governments;<sup>4</sup> posting records and analysis of federal and state governments’ responses to the Coronavirus pandemic;<sup>5</sup> posting records received as part of American

Oversight’s “Audit the Wall” project to gather and analyze information related to the Trump administration’s proposed construction of a barrier along the U.S.-Mexico border, and analyses of what those records reveal;<sup>6</sup> and the posting of records related to an ethics waiver received by a senior Department of Justice attorney and an analysis of what those records demonstrated regarding the Department’s process for issuing such waivers.<sup>7</sup>

Moreover, this request is not made for a personal or commercial benefit.<sup>8</sup> As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight’s financial interest. American Oversight’s mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.<sup>9</sup>

Accordingly, American Oversight qualifies for a fee waiver.

In addition, because American Oversight is a 501(c)(3) nonprofit organization and the principal purpose of this request is “to access and disseminate information concerning news and current or passing events” and for “public research or education,” American Oversight should not be considered a “recurrent requester,” nor should this request be treated as a “voluminous request” under the Illinois FOIA. *See* 5 ILCS § 140/2(g)-(h).

## **Guidance Regarding the Search & Processing of Requested Records**

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages.
- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records.<sup>10</sup> If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

## **Conclusion**

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to American Oversight, please do not hesitate to contact American Oversight to discuss this request. American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and your agency can decrease the likelihood of costly and time-consuming litigation in the future.
