Re: Public Records Law Request

Dear Secretary Dixon:

Pursuant to the Louisiana Public Records Law, La. Rev. Stat. Ann. 44:1 *et seq.*, American Oversight makes the following request for records.

Requested Records

American Oversight requests that the Louisiana Senate produce the following records within three business days:

All calendars or calendar entries for Senator Sharon Hewitt and Senator Barry Milligan (including any calendars maintained on their behalf) from January 1, 2021, through the date the search is conducted.

American Oversight requests that the calendars be produced in a format that includes all invitees, any notes, and all attachments. Please do not limit your search to Outlook calendars; we request the production of any calendar—paper or electronic, whether on government-issued or personal devices—used to track or coordinate how Senators Hewitt and Milligan allocate their time on public business.

The search should include any calendars associated with their individual email accounts, as well as any official calendars maintained for them, including by their legislative assistants.

Fee Waiver Request

In accordance with La. Rev. Stat. Ann. 44:32(C)(2), American Oversight requests a waiver of fees associated with processing this request for records. A waiver of fees for this request is appropriate, because American Oversight's use of the requested records "will be limited to a public purpose."¹

¹ La. Rev. Stat. Ann. § 44:32(C)(2).

This request is made solely for a public purpose.² The public has a significant interest in the priorities and interests of Louisiana state legislators. Records with the potential to shed light on this matter would contribute significantly to public understanding of operations of the government, including the extent to which state legislators have consulted outside groups. American Oversight is committed to transparency and makes the responses agencies provide to public records requests publicly available, and the public's understanding of the government's activities would be enhanced through American Oversight's analysis and publication of these records.

Furthermore, this request is fundamentally made for non-commercial purposes. As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight's financial interest. American Oversight's mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.³

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through regular substantive analyses posted to its website.⁴ Examples reflecting this commitment to the public disclosure of documents and the creation of editorial content include the posting of records and analysis related to the organization's investigations into misconduct and corruption in state governments;⁵ posting records and analysis of federal and state governments' responses to the Coronavirus pandemic;⁶ posting records received as part of American

Oversight’s “Audit the Wall” project to gather and analyze information related to the Trump administration’s proposed construction of a barrier along the U.S.-Mexico border, and analyses of what those records reveal;⁷ and the posting of records related to an ethics waiver received by a senior Department of Justice attorney and an analysis of what those records demonstrated regarding the Department’s process for issuing such waivers.⁸

Accordingly, American Oversight qualifies for a fee waiver.

Guidance Regarding the Search & Processing of Requested Records

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Public business communications conducted on private email accounts and devices are public records subject to the Public Records Law.⁹
- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of

the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.

- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

Conclusion

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to American Oversight, please do not hesitate to contact American Oversight to discuss this request. American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and your agency can decrease the likelihood of costly and time-consuming litigation in the future.
