Re: Public Information Request

Dear Public Information Coordinator Downey:

Pursuant to the Texas Public Information Act, as codified at Tex. Code ch. 552, American Oversight makes the following request for public records.

Requested Records

American Oversight requests that the Office of the Attorney Generals promptly produce the following:

1. All email communications (including emails, complete email chains, calendar invitations, and attachments thereto) and text message threads/conversations between (a) any of the state officials listed in Column A below, and (b) any of the external individuals identified in Column B below:

2. All (a) email communications (including emails, complete email chains, calendar invitations, and attachments thereto) sent by and (b) text message threads/conversations sent or received by any of the individuals specified in Column A, above, that contain any of the key terms listed below:

Key Terms:

- i. “Rule of Law”
- ii. RLDF
- iii. “Republican Attorneys General Association”
- iv. RAGA
- v. Piper
- vi. Bisbee

For Item 2(a) of this request, in an effort to accommodate your office and reduce the number of potentially responsive records to be processed and produced, American Oversight has limited its request to emails sent by the specified officials in the Office of the Attorney General. To be clear, however, American Oversight still requests that complete email chains be produced, displaying both sent and received messages. This means, for example, that both Attorney General Paxton’s response to an email containing one of the key terms listed above and the initial received message are responsive to this request and should be produced.

For Item 2(b) of this request, American Oversight requests that complete text message threads/conversations be produced. This means, for example,

that if Attorney General Paxton sent or received a text message containing any of the key terms listed above, American Oversight requests that the complete text conversation for the timeframe listed below should be produced, and not just the message containing the key term.

For all parts of this request, please provide all responsive records from January 21, 2021, to the date the search is conducted.

American Oversight insists that your office use the most up-to-date technologies to search for responsive information and take steps to ensure that the most complete repositories of information are searched. American Oversight is available to work with you to craft appropriate search terms. **However, custodian searches are still required; governmental authorities may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.**

Please search all records regarding official business. **You may not exclude searches of files or emails in the personal custody of your officials, such as personal email accounts.** Emails conducting government business sent or received on the personal account of a governmental authority's officer or employee constitutes a record for purposes of the Texas Public Information Act.¹

In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If it is your position that a document contains non-exempt segments, but that those non-exempt segments are so dispersed throughout the document as to make segregation impossible, please state what portion of the document is non-exempt, and how the material is dispersed throughout the document. If a request is denied in whole, please state specifically that it is not reasonable to segregate portions of the record for release.

Please take appropriate steps to ensure that records responsive to this request are not deleted by your office before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

To ensure that this request is properly construed, that searches are conducted in an adequate but efficient manner, and that extraneous costs are not incurred, American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and your office can decrease the likelihood of costly and time-consuming litigation in the future.

Where possible, please provide responsive material in electronic format by email or in PDF or TIF format on a USB drive. Please send any responsive material being sent by mail to American Oversight, 1030 15th Street NW, Suite B255, Washington, DC 20005. If it will accelerate release of responsive records to American Oversight, please also provide responsive material on a rolling basis.

Fee Waiver Request

In accordance with Tex. Code § 552.267(a), American Oversight requests a waiver of fees associated with processing this request for records because such a waiver “is in the public interest because providing the copy of the information primarily benefits the general public.” The requested records are directly related to the work of state officials, with the potential to shed light on whether and to what extent officials in the Office of the Attorney General are continuing to work with the Rule of Law Defense Fund (RLDF), following revelations that robocalls reportedly made by RLDF prior to January 6, 2021, urged supporters to travel to Washington, D.C., to “fight” Congress over President Trump’s election fraud claims². This matter is a subject of substantial public interest in Texas and nationwide.³ Accordingly, release of records that may help the public understand the operations and activities of state officials is in the public interest.

Release of the requested records will primarily benefit the public.⁴ As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the requested records is not in American Oversight’s financial interest, but is rather in the public interest. American Oversight is committed to transparency and makes the responses governmental authorities provide to public records requests publicly available. As noted, the subject of this request is a matter of public interest, and the public would benefit from an enhanced understanding of the government’s activities through American Oversight’s analysis and publication of these records. American Oversight’s mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.⁵
