Please provide all responsive records from October 1, 2021, through the date the search is conducted.

### **Statement of Noncommercial Purpose**

This request is made for noncommercial purposes. American Oversight seeks records regarding public officials' communications with external groups and individuals about immigration policy. Records with the potential to shed light on this matter would contribute significantly to public understanding of operations of the government, including whether and to what extent external parties have sought to influence immigration policy in Arizona.<sup>1</sup>

Because American Oversight is a 501(c)(3) nonprofit, this request is not in American Oversight's financial interest and is not made for a commercial purpose. American Oversight's mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.<sup>2</sup>

Because this request is made for noncommercial purposes, American Oversight requests that any fees charged in connection with processing this request be limited to copying and postage charges, if applicable.<sup>3</sup> Please notify American Oversight of any anticipated fees or costs in excess of \$100 prior to incurring such costs or fees.

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics. For instance, if the request seeks “communications,” please search all locations likely to contain communications, including relevant hard-copy files, correspondence files, appropriate locations on hard drives and shared drives, emails, text messages or other direct messaging systems (such as iMessage, WhatsApp, Signal, or Twitter direct messages), voicemail messages, instant messaging systems such as Lync or ICQ, and shared messages systems such as Slack.
- In conducting your search, please understand the terms “record,” “document,” and “information” in their broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages and transcripts, notes, or minutes of any meetings, telephone conversations or discussions.
- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages.
- If any records are withheld in full or in part, pursuant to A.R.S. § 39-121.01(D)(2), please provide an index of records or categories of records that have been withheld and the reasons the records or categories of records have been withheld.
- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.
