Fee Waiver Request

In accordance with C.R.S. § 24-72-205(4), American Oversight requests a waiver of fees associated with processing this request for records. Disclosure of the requested records will further a “public purpose”² because it will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is primarily and fundamentally for non-commercial purposes.

The public has a significant interest in the actions of County Clerk Tina Peters, given her reported role in efforts to question the results of the 2020 election. Records with the potential to shed light on this matter would contribute significantly to public understanding of operations of the government, including who Clerk Peters is communicating with as part of the U.S. Election Integrity Plan group. American Oversight is committed to transparency and makes the responses agencies provide to open records requests publicly available, and the public’s understanding of the government’s activities would be enhanced through American Oversight’s analysis and publication of these records.

This request is primarily and fundamentally for non-commercial purposes. As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight’s financial interest. American Oversight’s mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.³

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through regular substantive analyses posted to its website.⁴ Examples reflecting this commitment to the public disclosure of documents and the creation of editorial content include the posting of records related to the organization’s investigations into misconduct and corruption in state governments;⁵ posting records and analysis of federal and state governments’

responses to the Coronavirus pandemic;⁶ posting records received as part of American Oversight’s “Audit the Wall” project to gather and analyze information related to the Trump administration’s proposed construction of a barrier along the U.S.-Mexico border, and analyses of what those records reveal;⁷ and the posting of records related to an ethics waiver received by a senior Department of Justice attorney and an analysis of what those records demonstrated regarding the Department’s process for issuing such waivers.⁸
