**Re: Right-to-Know Law Request**

Dear Open Records Officer:

Pursuant to the Right-to-Know Law (RTKL), as codified at 65 P.S. §§ 67.101 et seq., American Oversight makes the following request for records.

**Requested Records**

American Oversight requests that your office produce the following records within five business days:

All email communications (including emails, complete email chains, calendar invitations, and attachments thereto) sent by the county officials listed below (or anyone communicating on their behalf) to any email address ending in .com, .co, .us, .net, .org, .mail, .edu, .me or .law.

Please provide all responsive records from May 16, 2022 through May 21, 2022.

**Fayette County Officials**

- i. Commissioner Dave Lohr
- ii. Commissioner Vincent A. Vicites
- iii. Commissioner Scott Dunn
- iv. Election Bureau Director Marybeth Kuznik
- v. Chief Clerk Amy Revak

In an effort to accommodate your office and reduce the number of potentially responsive records to be processed and produced, American Oversight has limited its request to emails sent by the listed officials. To be clear, however, American Oversight still requests that complete email chains be produced, displaying both sent and received messages. This means, for example, that both Commissioner Lohr's response to an email from an entity bearing the email domain extension .law and the initial received message are responsive to this request and should be produced.

Please notify American Oversight of any anticipated fees or costs in excess of \$100 prior to incurring such costs or fee.

### **Fee Waiver Request**

In accordance with 65 P.S. § 67.1307(f)(2), American Oversight requests a waiver of fees associated with processing this request for records, because disclosure of the requested information is “in the public interest.”

The public has a significant interest in Pennsylvania counties not certifying their primary election results.<sup>1</sup> Records with the potential to shed light on who county officials were in communication with during the relevant time period would contribute significantly to public understanding of operations of the government, including helping the public better understand the reasons why Fayette County decided against certifying its primary election results.

American Oversight is committed to transparency and makes the responses agencies provide to open records requests publicly available, and the public’s understanding of the government’s activities would be enhanced through American Oversight’s analysis and publication of these records. American Oversight’s mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.<sup>2</sup>

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through regular substantive analyses posted to its website.<sup>3</sup> Examples reflecting this commitment to the public disclosure of documents and the creation of editorial content include the posting of records and

Finally, this request is primarily and fundamentally for non-commercial purposes. As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight's financial interest.

## **Guidance Regarding the Search & Processing of Requested Records**

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics.
- In conducting your search, please understand the terms “record,” “document,” and “information” in their broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages and transcripts, notes, or minutes of any meetings, telephone conversations or discussions.
- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Right-to-Know Law.<sup>8</sup>
- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records under 65 P.S. § 67.706. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.
