For parts 1 and 2 of this request, please provide all responsive records from July 1, 2022, through the date of the search.

3. Records reflecting the expenses and costs incurred by the Garfield County Sheriff's Office related to Sheriff Cory Rink's participation in the 2022 Claremont Institute Sheriffs Fellowship in Huntington Beach, CA from November 12–18, 2022.

To the extent your office has aggregated records sufficient to show all relevant expenses and costs, such as spreadsheets, American Oversight would accept production of such records as sufficient. To the extent your office does not have an aggregated record of these costs, American Oversight requests records reflecting those costs, such as receipts, invoices, charge card or credit card statements, and reimbursement requests.

Relevant expenses may include, but are not limited to, hotel or other lodging costs; costs for air travel, rental car, or other transportation companies; costs incurred for government transportation; the cost of meals or refreshments; and per diem payments.

Relevant expenses include costs associated with the travel of Sheriff Rink, and of any staff members, family members, or other individuals travelling with him.

Fee Waiver Request

In accordance with 51 O.S. tit. 51, § 24A.5(4), American Oversight requests that your office charge no search fees in connection with processing this request for records. Release of the requested records "is in the public interest," because American Oversight,

in accordance with its organizational mission, makes this request “to determine whether those entrusted with the affairs of the government are honestly, faithfully, and competently performing their duties as public servants.”¹ Specifically, the requested records have the potential to shed light on Sheriff Rink’s participation in the 2022 Claremont Institute Sheriffs Fellowship. Records with the potential to shed light on this matter would contribute significantly to public understanding of whether and to what extent public servants are fulfilling their duties, including if Sheriff Rink continues to be in communication with the Claremont Institute.

American Oversight’s work is aimed solely at serving the public interest.² As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight’s financial interest. Rather, American Oversight’s mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. Similar to members of the news media, American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.³ American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through regular substantive analyses posted to its website.⁴

American Oversight is committed to transparency and makes the responses public bodies provide to public records requests publicly available, and the public’s understanding of the government’s activities—including whether public servants are honestly, faithfully, and competently performing their duties—would be enhanced through American Oversight’s analysis and publication of these records.

American Oversight asks that if its request for a fee waiver is denied in whole or in part, that you contact us prior to incurring any costs.

Guidance Regarding the Search & Processing of Requested Records

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics.
- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages.
- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records.⁵ If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

Conclusion

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to American Oversight, please do not hesitate to contact American Oversight to discuss this request. American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur
