Re: Freedom of Information Act Request

Dear Freedom of Information Officer:

Pursuant to the South Carolina Freedom of Information Act, S.C. Code Ann. §§ 30-4-10 et seq., American Oversight makes the following request for records.

Requested Records

American Oversight requests that your office promptly produce the following records:¹

All electronic communications (including email messages, complete email chains, calendar invitations, text messages, and any attachments) between (a) any official listed in Column A, below (or any person acting on their behalf or at their behest), and (b) the external individuals and organizations listed in Column B, below, including but not limited to anyone communicating from an email address ending in the listed domain(s).

Column A: South Carolina Officials	Column B: External Individuals and Organizations
<ul style="list-style-type: none">a) Attorney General Alan Wilsonb) Chief Deputy Attorney General Jeff Youngc) Director of the Administration Division Tammie Wilsond) Anyone serving as Chief of Staff	<ul style="list-style-type: none">1) Saurabh Sharma, Nick Solheim, Jake Mercier, Samuel Samson, or anyone communicating on behalf of American Moment (americanmoment.org)2) Troup Hemenway or anyone communicating on behalf of Personnel Policy Operations (personnelpolicyops.org)

¹ Pursuant to S.C. Code Ann. § 30-4-30(C), please notify American Oversight of your final determination as to the public availability of the requested records within ten business days and produce the records within thirty calendar days after issuing your final determination.

	<ul style="list-style-type: none"> 3) Anyone communicating on behalf of the Association of Republican Presidential Appointees (gopappointees.org) 4) Russ Vought, Jeffrey Clark, or anyone communicating on behalf of the Center for Renewing America (americarenewing.org) 5) Mark Meadows (conservativepartnership.org) 6) John McEntee
--	---

Please note that American Oversight does not seek, and that this request specifically excludes, the initial mailing of news clips or other mass-distribution emails. However, subsequent communications forwarding such emails are responsive to this request. In other words, for example, if a listed official received a mass-distribution news clip email from the Center for Renewing America that initial email would not be responsive to this request. However, if the listed officials forwarded that email to another individual with his own commentary, that subsequent message would be responsive to this request and should be produced.

Please provide all responsive records from July 1, 2022, through the date the search is conducted.

Fee Waiver Request

In accordance with S.C. Code Ann. § 30-4-30(B), American Oversight requests a waiver of fees associated with processing this request for records. Disclosure of the requested records is in the public interest because it will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. In addition, this request is primarily and fundamentally for non-commercial purposes.

A waiver of fees is “in the public interest because furnishing the information can be considered as primarily benefiting the general public.”² The general public has a significant interest in understanding communications state officials may be having with individuals interested in the staffing of a second Trump administration. Records with the potential to shed light on this matter would contribute significantly to public understanding of operations of the government, including whether and to what extent these communications are taking place. American Oversight is committed to transparency and makes the responses agencies provide to public records requests publicly available, and the public’s understanding of the government’s activities would be enhanced through American Oversight’s analysis and publication of these records.

² S.C. Code Ann. § 30-4-30(B).

Furthermore, American Oversight's work is aimed solely at serving the public interest. As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight's financial interest. American Oversight's mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.³

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through regular substantive analyses posted to its website.⁴ Examples reflecting this commitment to the public disclosure of documents and the creation of editorial content include the posting of records and analysis related to the organization's investigations into misconduct and corruption in state governments;⁵ posting records and analysis of federal and state governments' responses to the Coronavirus pandemic;⁶ posting records received as part of American Oversight's "Audit the Wall" project to gather and analyze information related to the Trump administration's proposed construction of a barrier along the U.S.-Mexico

Guidance Regarding the Search & Processing of Requested Records

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics. For instance, if the request seeks “communications,” please search all locations likely to contain communications, including relevant hard-copy files, correspondence files, appropriate locations on hard drives and shared drives, emails, text messages or other direct messaging systems (such as iMessage, WhatsApp, Signal, or Twitter direct messages), voicemail messages, instant messaging systems such as Lync or ICQ, and shared messages systems such as Slack.
- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages.
- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of

the requested records.⁹ If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.

- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

Conclusion

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to American Oversight, please do not hesitate to contact American Oversight to discuss this request. American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs.
