Re: Right-to-Know Law Request

Dear Open Records Officer:

Pursuant to the Right-to-Know Law (RTKL), as codified at 65 P.S. §§ 67.101 et seq., American Oversight makes the following request for records.

Requested Records

American Oversight requests that your office produce the following records within five business days:

1. All final or non-internal (i.e., originating or shared outside the County government) records reflecting Lycoming County's decision regarding a complete hand recount of November 2020 election ballots in January 2023, including any communications or formal or informal analyses supporting this decision.
2. Records sufficient to identify all costs and expenses incurred by Lycoming County in conducting the hand recount.
3. A complete copy of any invoice from or payment to any individual or entity involved in the hand recount, including external contractors, consultants, formal or informal advisors, or legal counsel.
4. Records sufficient to identify any payment received from external sources of funding involved in the hand recount.

Please provide all responsive records from December 1, 2022, through the date the search is conducted.

Fee Waiver Request

In accordance with 65 P.S. § 67.1307(f)(2), American Oversight requests a waiver of fees associated with processing this request for records, because disclosure of the requested information is "in the public interest."

The public has a significant interest in the administration of elections in Pennsylvania and the Lycoming County Board of Elections' decision to hand recount ballots from the November 2020 election.¹ Records with the potential to shed light on this matter would contribute significantly to public understanding of operations of the government, including any expenses incurred from the recount.

American Oversight is committed to transparency and makes the responses agencies provide to open records requests publicly available, and the public's understanding of the government's activities would be enhanced through American Oversight's analysis and publication of these records. American Oversight's mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.²

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through regular substantive analyses posted to its website.³ Examples reflecting this commitment to the public disclosure of documents and the creation of editorial content include the posting of records and analysis related to the organization's investigations into misconduct and corruption in state governments;⁴ posting records and analysis of federal and state governments' responses to the Coronavirus pandemic;⁵ posting records received as part of American

- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records under 65 P.S. § 67.706. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.
