In other words, for example, if the listed official received a mass-distribution news clip email from an address ending in [truethevote.org](http://truethevote.org), that initial email would not be responsive to this request. However, if they forwarded that email

to another individual with their own commentary, that subsequent message would be responsive to this request and should be produced.

### **Fee Waiver Request**

In accordance with Wis. Stat. § 19.35(3)(e), American Oversight respectfully requests that the records be produced without charge. Providing American Oversight with a waiver of fees is in the “public interest” because American Oversight will, in accordance with its organizational mission, make the records available to the public without charge. These disclosures will likely contribute to a better understanding of relevant government procedures by the general public.

American Oversight’s work is aimed solely at serving the public interest. As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight’s financial interest. Rather, American Oversight’s mission is to serve the public by promoting transparency in government, educating the public about government activities, and ensuring the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media.<sup>2</sup> American Oversight also makes materials it gathers available on its public website<sup>3</sup> and promotes their availability on social media platforms, such as Facebook and Twitter.<sup>4</sup>

The public has a significant interest in actions taken by Wisconsin sheriffs to investigate alleged election malfeasance or irregularities.<sup>5</sup> Records with the potential to shed light on this matter would contribute significantly to public understanding of operations of the government, including whether or to what extent sheriffs’ offices are communicating with external entities regarding alleged election malfeasance. American Oversight is committed to transparency and makes the responses agencies provide to public records requests publicly available, and the public’s understanding of the

government's activities would be enhanced through American Oversight's analysis and publication of these records.

### **Guidance Regarding the Search & Processing of Requested Records**

American Oversight seeks all responsive records regardless of format, medium, or physical characteristics. In conducting your search, please understand the term "record" in its broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages and transcripts, notes, or minutes of any meetings, telephone conversations or discussions. Our request includes any attachments to these records. **No category of material should be omitted from search, collection, and production.**

Please search all locations and systems likely to have responsive records regarding official business. **You may not exclude searches of files or emails in the personal custody of your officials, such as personal email accounts.** Emails conducting government business sent or received on the personal account of the authority's officer or employee constitutes a record for purposes of Wisconsin's public records laws.<sup>6</sup>

In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records.<sup>7</sup> If it is your position that a document contains non-exempt segments, but that those non-exempt segments are so dispersed throughout the document as to make segregation impossible, please state what portion of the document is non-exempt, and how the material is dispersed throughout the document. If a request is denied in whole, please state specifically that it is not reasonable to segregate portions of the record for release.

Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

### **Conclusion**

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more
