For request item 1, please note that American Oversight does not seek, and that this request specifically excludes, the initial mailing of news clips or other mass-distribution emails. However, subsequent communications

forwarding such emails are responsive to this request. In other words, for example, if Secretary of State Frank LaRose received a mass-distribution newsletter email from The Heritage Foundation, that initial email would not be responsive to this request. However, if Secretary LaRose responded to or forwarded that email to anyone at one of the emails or domains listed above, that subsequent message would be responsive to this request and the complete email chain should be produced.

2. Any final formal or informal directives, advisories, memos, training and education materials, or other written guidance distributed by or utilized within the Ohio Secretary of State's Office concerning any of the following subject matters:
  - a. the decision to withdraw Ohio from the Electronic Registration Information Center (ERIC);
  - b. any amendments or alterations to the bylaws or membership agreement of ERIC;
  - c. voter roll list maintenance; and
  - d. notifying eligible but unregistered voters of their eligibility.
3. All final assessments, reports, analyses, or recommendations in your possession (including formal memoranda and other written products) prepared by your office or otherwise provided to your office by other state or local offices, or independent experts, regarding any projected or actual impacts of withdrawing from the Electronic Registration Information Center (ERIC).
4. Any processes, training and education curricula, policies, and procedures by which the Ohio Secretary of State conducts and/or will conduct voter roll list maintenance (e.g., training materials used to instruct staff on how to conduct voter roll list maintenance).
5. Any reports, memoranda, studies, spreadsheets, summaries or other records showing any of the Ohio Secretary of State's uses of data created or shared by the Electronic Registration Information Center (including, but not limited to, death data, National Change of Address data, and information contained within ERIC's cross-state report).

For request items 1 through 5, please provide all responsive records from January 1, 2023, through the date your office receives this request.

6. All text messages or messages on messaging platforms (such as Slack, GChat or Google Hangouts, Lync, Skype, Twitter direct messages, Facebook Messenger, WhatsApp, Signal, Telegram, or Parler) sent or received by any of the Ohio Secretary of State personnel listed in item 1 above (whether on government-issued or personal devices), concerning any government business.

7. Any record of any telephone calls made, received, or transferred to or by Secretary of State Frank LaRose or Director of Elections Amanda Grandjean or anyone communicating on their behalf (such as an assistant, secretary, or scheduler). This request includes any detailed billing information or phone records received by the Ohio Secretary of State from any telecommunications provider for (a) state-owned/leased phones maintained by the Ohio Secretary of State, and (b) personal phones or devices to the extent they are used to conduct official business. American Oversight does not object to the redaction of personal telephone calls.

For request items 6 and 7, please provide all responsive records from March 1, 2023, through March 10, 2023.

8. All calendars or calendar entries for Secretary of State Frank LaRose and Director of Elections Amanda Grandjean, including any calendars maintained on their behalf, from January 1, 2023, through March 31, 2023.

### **Guidance Regarding the Search & Processing of Requested Records**

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics. For instance, if the request seeks “communications,” please search all locations likely to contain communications, including relevant hard-copy files, correspondence files, appropriate locations on hard drives and shared drives, emails, text messages or other direct messaging systems (such as iMessage, WhatsApp, Signal, or Twitter direct messages), voicemail messages, instant messaging systems such as Lync or ICQ, and shared messages systems such as Slack.
- In conducting your search, please understand the terms “record,” “document,” and “information” in their broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages and transcripts, notes, or minutes of any meetings, telephone conversations or discussions.
- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all

prior messages sent or received in that email chain, as well as any attachments to the email.

- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages.
- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records.<sup>2</sup> If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to American Oversight, please do not hesitate to contact American Oversight to discuss this request. American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and your agency can decrease the likelihood of costly and time-consuming litigation in the future.

Where possible, please provide responsive material in an electronic format by email. Alternatively, please provide responsive material in native format or in PDF format on a USB drive. Please send any responsive material being sent by mail to American Oversight, 1030 15th Street NW, Suite B255, Washington, DC 20005. If it will accelerate release of responsive records to American Oversight, please also provide responsive material on a rolling basis.
