Re: Right-to-Know Law Request

Dear Open Records Officer:

Pursuant to the Right-to-Know Law (RTKL), as codified at 65 P.S. §§ 67.101 et seq., American Oversight makes the following request for records.

Requested Records

American Oversight requests that your office produce the following records within five business days:

All electronic communications (including emails, email attachments, complete email chains, text messages, or messages on messaging platforms, such as Slack, GChat or Google Hangouts, Lync, Skype, or WhatsApp) between (A) Fayette County Board of Commissioners members Dave Lohr and Scott Dunn, and (B) any of the external individuals or entities listed below, including, but not limited to, at the suggested email addresses or domains.

In the case of emails and texts, the search should include those sent or received from the specified officials' personal accounts and/or devices if they were used to conduct official business, as well as those sent from their official email addresses or government-issued devices.

Fee Waiver Request

In accordance with 65 P.S. § 67.1307(f)(2), American Oversight requests a waiver of fees associated with processing this request for records, because disclosure of the requested information is “in the public interest.”

The public has a significant interest in efforts to undermine public confidence in elections in Pennsylvania.¹ Records with the potential to shed light on this matter would contribute significantly to public understanding of operations of the government, including whether or to what extent Pennsylvania public officials have communicated with external entities and individuals elevating baseless narratives regarding the security of elections.

American Oversight is committed to transparency and makes the responses agencies provide to open records requests publicly available, and the public’s understanding of the government’s activities would be enhanced through American Oversight’s analysis and publication of these records. American Oversight’s mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.²

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through regular substantive analyses posted to its website.³ Examples reflecting this commitment to the public disclosure of documents and the creation of editorial content include the posting of records and analysis related to the organization’s investigations into misconduct and corruption in state governments;⁴ posting records and analysis of federal and state governments’

responses to the Coronavirus pandemic;⁵ posting records received as part of American Oversight’s “Audit the Wall” project to gather and analyze information related to the Trump administration’s proposed construction of a barrier along the U.S.-Mexico border, and analyses of what those records reveal;⁶ and the posting of records related to an ethics waiver received by a senior Department of Justice attorney and an analysis of what those records demonstrated regarding the Department’s process for issuing such waivers.⁷

Finally, this request is primarily and fundamentally for non-commercial purposes. As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight’s financial interest.

Accordingly, American Oversight qualifies for a fee waiver.

other direct messaging systems (such as iMessage, WhatsApp, Signal, or Twitter direct messages), voicemail messages, instant messaging systems such as Lync or ICQ, and shared messages systems such as Slack.

- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Right-to-Know Law.⁸
- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records under 65 P.S. § 67.706. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

Conclusion

American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs.
